Model No: 38100
(Available in Sky Blue, Desert Grey & Coral Red)
Sold nationally from June 2020 to July 2021

Grotime Essentials Lyon High-Low Chair
Model No: 38100 (Grey)
Sold nationally from June 2020 to July 2021

Batch Numbers: PO 0000357, PO 0000657, PO 0000749 or PO 0000810 sold nationally from June 2020 to July 2021.

Defect: There is a risk that the rear chair legs may develop cracks or break which may lead to the chair legs twisting and can impact the strength and stability of the highchair.

Hazard: If the legs of the chair become unstable this could result in the chair collapsing, increasing the risk of injury to small children.

What to do: Consumers should check to see if their highchair is from the affected batch by reviewing the batch number which is located under the seat of the chair. Consumers with affected products should immediately cease using the chair and contact Infa Group Pty Ltd. A supportive cross brace kit designed to strengthen the chair will then be sent to the consumer with installation instructions. Please note, replacement products are **not** available in-store.

Contact details: Visit www.grotime.link/recall for verification of product and registration, or email safety@infa.com.au or call 1300 92 46 32 (9am to 5pm Monday to Thursday, 9am to 4pm Friday AEDT).
