URGENT RECALL

MCoBeauty

SPF 50+ MINERAL MATTIFYING SUNSCREEN

75g Tube

Batch number A1772, Expiry date: July 2026

AUST L 420373

MCoBeauty following agreement with the Therapeutic Goods Administration, is recalling MCoBeauty SPF 50+ Mineral Mattifying Sunscreen - Batch A1772.

Preliminary results from independent re-testing of the manufacturer's base formulation (BF004) has shown that the SPF levels in these products are unlikely to meet what is stated on their labels. A low SPF rating may increase the risk of sunburn during use and reduce the long-term effectiveness of preventing skin cancer.

This product was discontinued in August 2023 and has not been manufactured since that date.

If you have MCoBeauty SPF 50+ Mineral Mattifying Sunscreen from Batch number A1772, do not use it.
