MAKING DREAMS COME TRUE SINCE 1924

MG: THE INDIA CHAPTER

A million speeding lines, a 96-year-old legacy, and our fingers on the pulse of innovation. We are a British fashion icon but also pop culture's best mate. We're MG. A 96-year-old startup. Why a startup? Because we were founded in a garage called 'Morris Garages' in 1924 by William Morris. Today, we are a future-forward brand. In India, the MG chapter started with the launch of the MG Hector - India's first Internet Car. Following Hector's tremendous success, we launched the MG ZS EV - India's first Pure electric Internet SUV.

We've built the MG India ideology on 4 principal pillars – Innovation, Experiences, Diversity and most importantly, Communities. The MG Communities, its people and their spirit of togetherness is what defines us. Here's the MG India family sharing their stories of MG.

The logo features the text 'MG BENGALURU' centered within a white octagonal shape. A red horizontal line is positioned below the word 'BENGALURU'. The octagon is set against a background of a large, light gray octagon with diagonal hatching lines. To the right of the main octagon is a smaller, solid white octagon.

The sales process was handled very professionally by the MG team and I am very happy with that. My family is enjoying the luxurious space, comfort, and technology of the car. I had purchased the Hector Sharp in January 2020 and drove around 2000 km in the 1st week itself. The experience has been truly amazing and comfortable. My first service was in February and the service department did their job very neatly. I would definitely recommend the vehicle and dealership to my friends and neighbours.

HELLO MG!

WELCOME TO MG FAMILY.

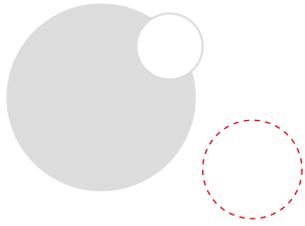

I would like to take a moment to thank the entire team at the MG JP Nagar dealership for a smooth and great delivery experience. My sales consultant, Mr. Anil Kumar was very helpful and answered all my queries about the vehicle and kept me updated with the status. When the vehicle was scheduled for the delivery my sales consultant Mr. Anil was out sick but he ensured that all the paperwork was completed on time and a clear handout was given to another colleague, Mr. Bharat. Both these gentlemen were commendable in ensuring a smooth delivery experience. I am very impressed with their courteous behavior and good customer service attitude. I would also like to thank the entire MG Motor team. The MG Hector is truly a human thing with a human touch from the team. Thank you once again for all the help and for bearing with my tantrums.

CUSTOMER STORIES

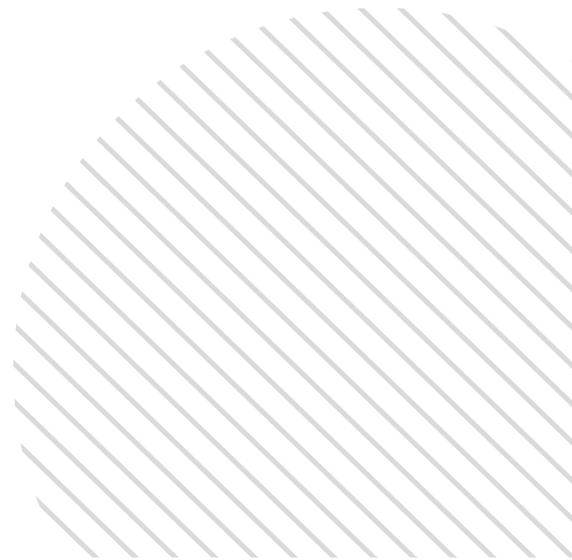

My experience with MG Electronic City showroom was a very memorable moment, right from the day I visited for an enquiry till the delivery of the vehicle, the experience was unforgettable. My sales advisor, Chethan was very helpful during the whole time and even after the delivery. They understand what people are looking for and I really appreciate that. My thoughts about my Hector are that I made the right choice, the comfort level of the car is awesome and the ride quality is amazing. My family enjoys it thoroughly whenever we are in the car.

Kamalarajan S.

We are really happy to have the Hector. I like the interior design and user-friendly functionalities of the car like opening the trunk without using the key. It feels like the best robot that we could have owned.

Rashmi Suresh Muliman

Mighty beast with powerful road presence and acres of room inside! Spirits away on the highway, absolute gem of a car, the more I explore the more I am in love with it! She also listens to me, 'Hello MG'!

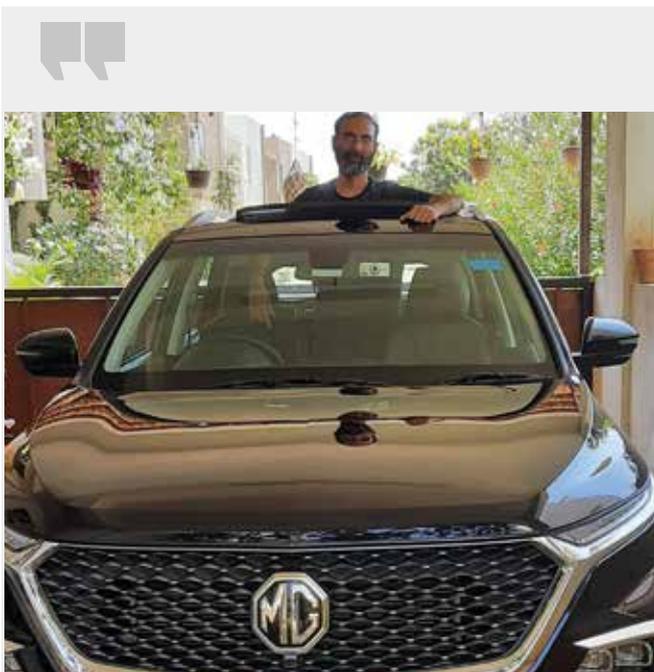

Sinoj Chandrasekharan

Let me start by saying, my love for technology was the reason I opted for the MG Hector. The car is easy to handle, has a good road presence, and is one of the leading technology-driven cars. I own cars from other brands like Mahindra, Renault, Maruti and Toyota but the service provided by MG motor is better than my experience with other brands. I had an issue about a light that kept appearing on my instrument cluster and called MG about the same. To my surprise, a team was sent to my place to check and also explain the rationale behind it. It was a non-issue but the swiftness with which the MG dealership responded was superb. I also got a few calls after that to check on my concern. This is a company that puts the customer at the heart of what they do. I am happy with my decision of buying the MG Hector.

Vijay Krishna

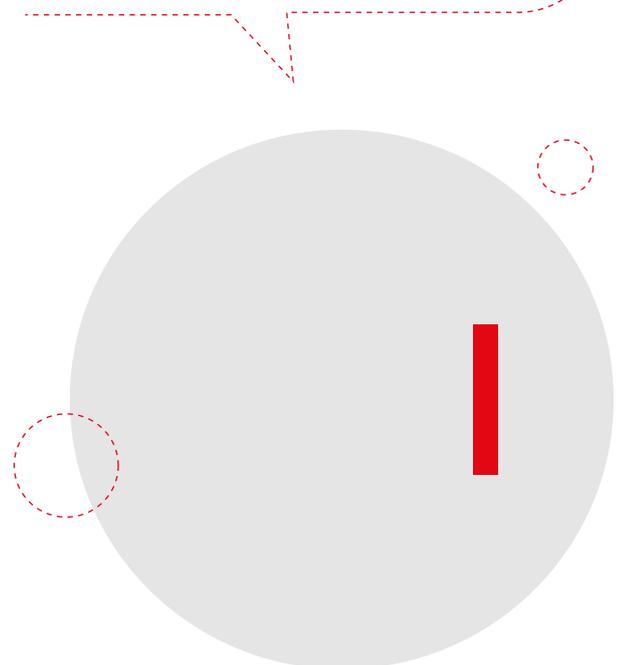

MG Hector has been a dream car for us. The vibe inside the vehicle is premium and the NVH is great. In just a few days of owning this, I went for a trip to Coorg. It has become a part of our family now.

Muralikrishna A.

The car has great engine power and the internet feature allows you to find your location. The pre-sale and post-sale experience with the MG team has been commendable. I am proud to start my journey with MG Hector.

Amit Tiwary

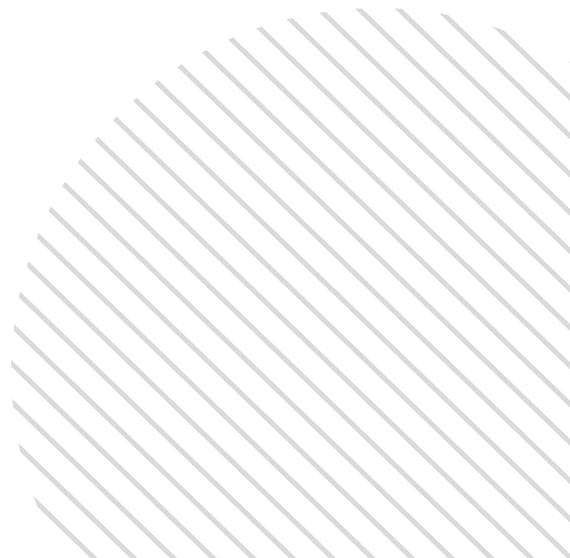

I'd like to take a moment to appreciate Mr. Adarsh from the MG showroom for the excellent support during the buying process. His professionalism and ability to handle queries with patience exceeded my expectations. Such a commitment to customer satisfaction is to be commended. #HappyCustomer

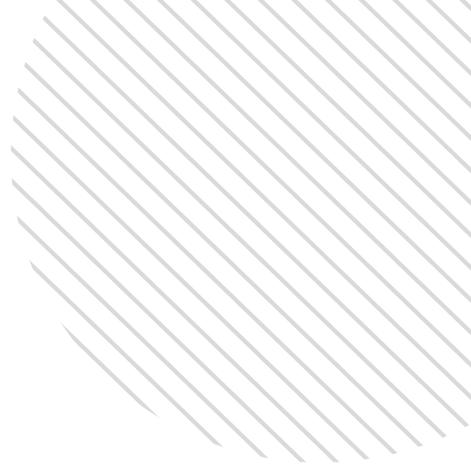

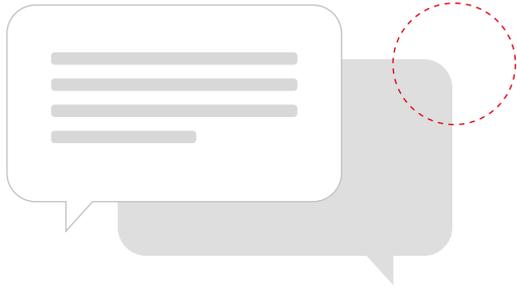

Anushrutha

I am glad to own the new beast - The MG Hector and am extremely happy with the comfort and road grip on the highways. My kids love to use the voice command features, the infotainment options, and the panoramic sunroof. We all thoroughly enjoyed the Nandi foothills drive and the event that was organised by MG Motor in Bangalore. We are looking forward to more such events and journeys.

Abdul Rahim

We love our MG Hector. Buying the MG Hector has been one of the best decisions. It's a great car with an awesome driving experience.

MG CALICUT

CUSTOMER STORIES

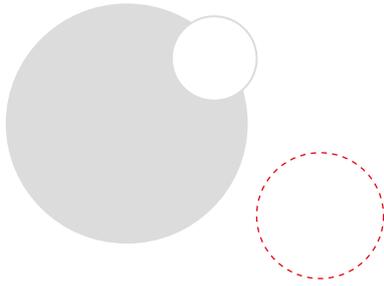

When we had the discussion of buying an SUV, MG Hector was definitely at the top of our minds. Then, as a part of decision making we went through a lot of customer reviews and honestly, that is what ended up being the most important part of decision making. And now, after two months of our purchase we still can't get over the happiness. If we have to describe the highlights of MG Hector- space, comfort and value for money would be the best way to put our feelings into words.

Dileesh Surendran

It was our pleasure that MG Calicut's first delivery was to us. The way they treated us was an unforgettable moment and their service and cooperation was also great.

Rajina Hashim

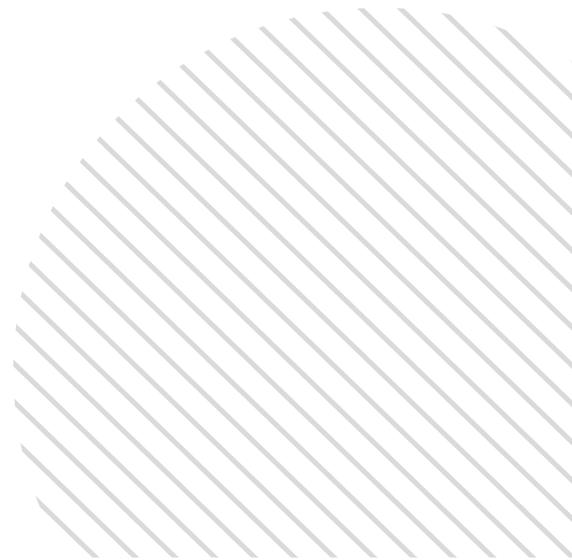

I am very excited to own the MG Hector. It has a British legacy and has many advanced features that make it a smart car. I'm happy with the services provided by MG Calicut and especially by the sale representative for his support during my decision making and at the time of delivery of my dream car "MG Hector".

Manojlal T.

I am very proud to own the MG Hector. The technology and features in it make it a value for money car.

Prasanth C Chemmat

I have the MG Diesel Sharp that gives me a high level of comfort and great driving pleasure. It is a premium vehicle and its sudden pick up and noiseless engine function is also noteworthy.

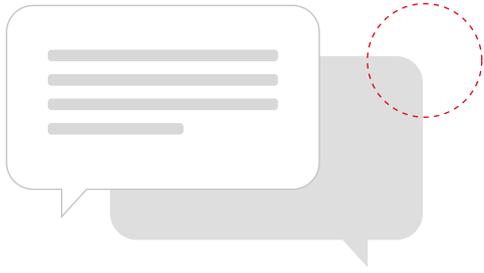

Renjini R

MG Service was prompt, efficient and the staff was friendly. Everyone went out of their way to make sure that our experience was the best it could be. I am absolutely delighted with my MG Hector.

Harikrishnan

It's been 3 months since I have been driving my Hector. MG Hector is an amazing entrant in the Indian SUV segment. I had completed my first service at MG service centre, Calicut and I'm completely satisfied with the service and with the beast.

Sreedharan Aravil

I decided to own the MG Hector, not only because of the features MG provided, but also based on the other owner's reviews. I am very satisfied even after the 3 months of MG Hector ownership because of the awesome performance of the vehicle, travelling comfort, especially for second row passengers, the superb build quality and most importantly because of the safety features.

Ismayil O. V.

I am extremely satisfied with my MG Hector as compared to the other cars I own. I have had a wonderful experience with the service at MG Calicut. The service centre staff has also been very helpful, especially service adviser Mr. Divin who is always available to answer all my queries.

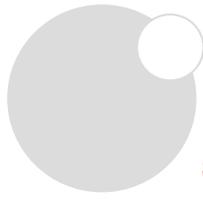

Hari K. P.

Wildlife photography is our family hobby so we do a lot of travel. We are extremely satisfied with our new MG Hector. Took delivery of my glaze red MG Hector Sharp in July 2019 and have covered more than 15,000 km without any issues. All our cameras, tripods and luggage gets easily accommodated in the massive boot. I get an average mileage of 13kmpl while driving in the city and 16kmpl on highways. I have also got all my services done from MG Calicut and they are doing a wonderful job. Every time I get my vehicle picked up from my home and delivered back in time. The service centre staff has been extremely helpful and always responds even to my Whatsapp queries regarding software doubts.

Dr. Vinod Kumar V.

The MG Hector is a powerful vehicle, classy, luxurious and pride of every owner.

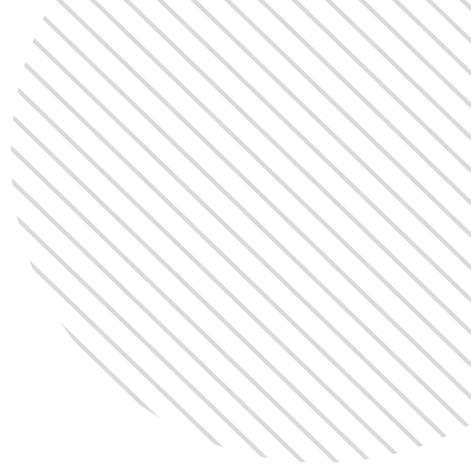

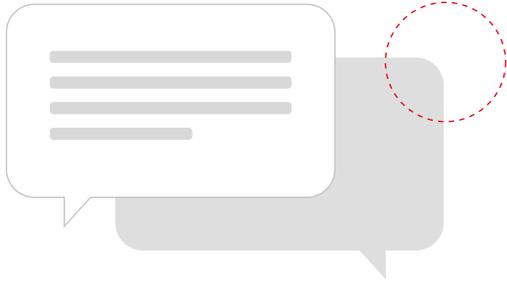

Dr. M. Vinod Kumar

It's a great machine and I have had a great experience with the car. Hector has become a part of our family. What makes it an attractive car and a preferred choice of SUV in the segment are its luxurious looks, fuel economy though it's big, riding comfort, and a great boot space. Overall, it is a very good vehicle, with a great power punching motor and steering response. The car is stable, even at high speeds.

Ummukulsu

I had a great experience with MG Calicut dealership. The sales person was very calm and it was great to interact and discuss the car with him. I love my Hector. I would definitely visit MG Calicut again.

My experience with MG has been great. The MG dealership is as great as the car, their way of interaction is far better than any other car brand dealership. They are available 24x7, just as the company says. Coming to the Hector, it was an amazing choice, it drives so smoothly. I love the design and features of the car. If I would have to recommend someone in this budget slot, it would definitely be Hector. Even after driving 2500+ km I can't get enough of the car.

CUSTOMER STORIES

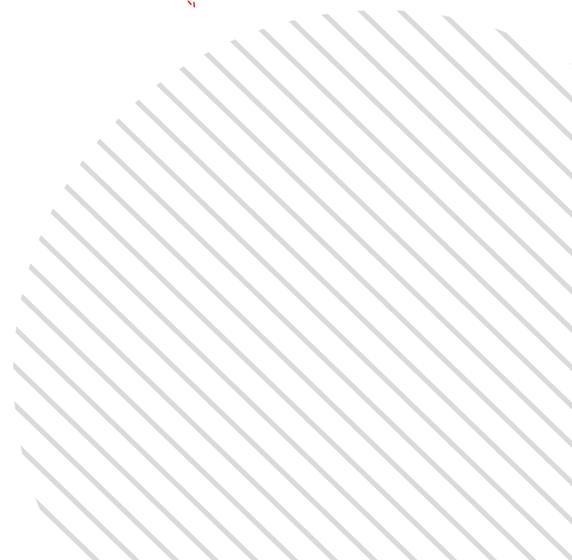

MG Hector has an excellent build quality and a good interior design. The service plans are excellent and tension free. Overall, It is a very reliable SUV with value for money.

Panini Kaushal

I am so happy to be a member of the MG family. The MG Hector is one of the best luxury cars. The interior looks amazing and makes this car very classy.

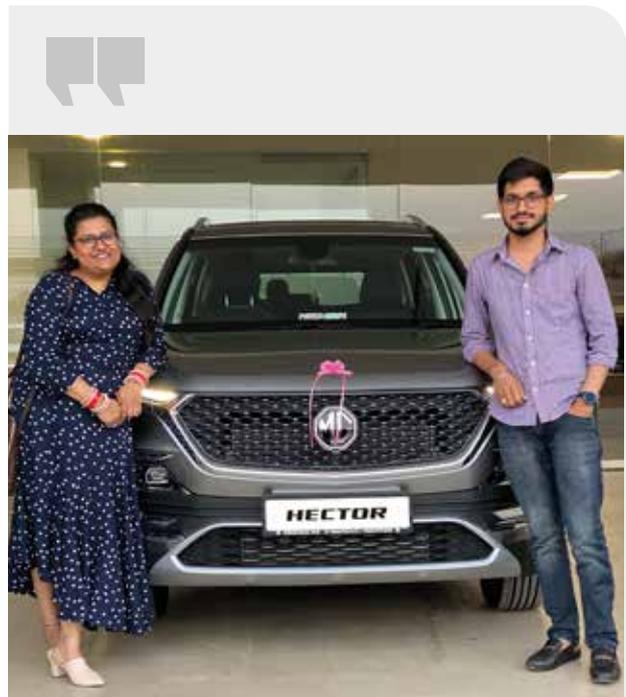

Priya Sharma

The car is amazing and comfortable with a commendable driving experience. I love the infotainment system.

Rajan Singla

Fabulous car, very good ground clearance and a lovely interior. The driving experience is very good!

Akahay Tiwari

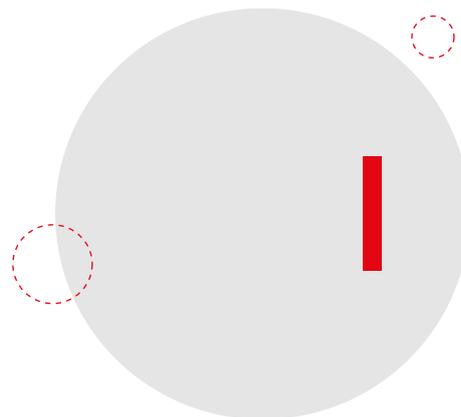

My family and I love the MG Hector. It has a powerful engine, great luggage space and a panoramic sunroof that provides a great view.

Shiv Kumar

Flooded with lots of features that are actually useful for a city drive experience. It has something for everyone in the family. After-sales services are also awesome.

Ravi Singla

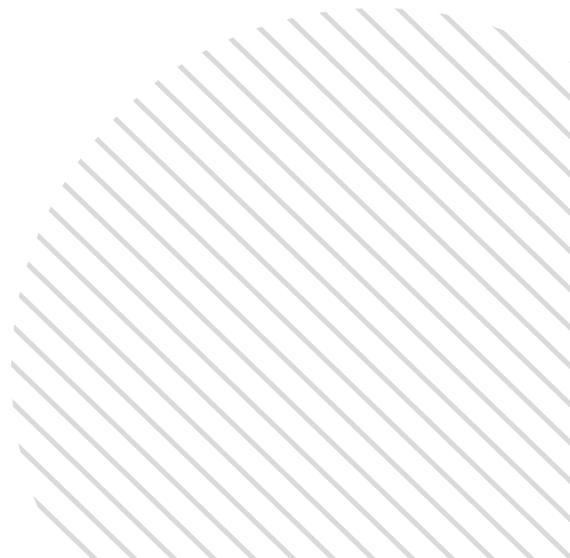

I love the MG Hector. The main attraction is the front design and panoramic sunroof. It was one of my best decisions to buy this car.

Vikas Rana

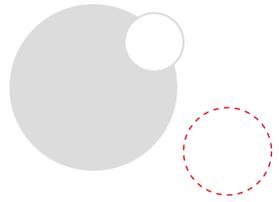

Superb interior and exterior design. Excellent performance. Personally recommend this car.

HELLO MG!

WELCOME TO MG FAMILY.

I am very happy with my MG Hector. It has a beautiful design and the engine starts very smoothly. The pickup is good and gives a smooth driving experience.

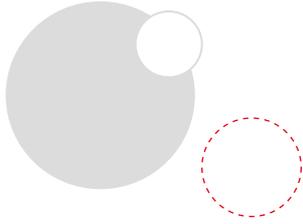

Anirudh Kumar Arya

I am a proud owner of a MG Hector that brings smiles, safety and lots of happiness to my family. I am happy to own this car with unique features which makes it value for money.

Daljeet Kaur

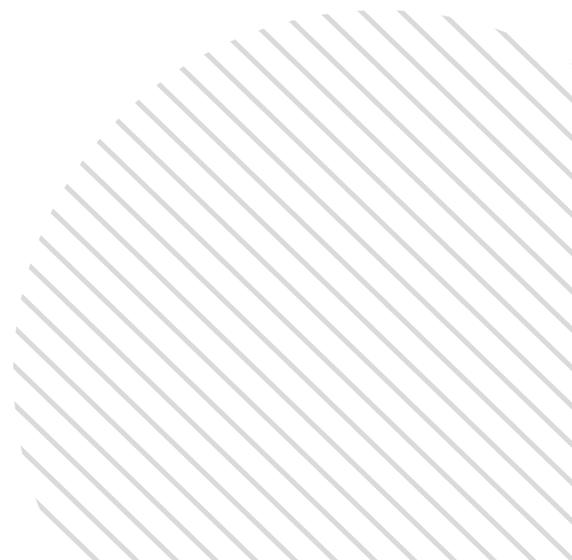

MG Hector is the best SUV car at this price range. Great power engine and internet inside the car. Also, the great feature that allows locating your location, you will never get lost. It has great luggage space and a panoramic sunroof that provides a great view. Best and most comfortable SUV loaded with features.

Harpreet Singh

Hector is an awesome car with spacious and beautiful interiors, latest infotainment system and many more luxurious features. Thank you MG, for being a part of my life.

Adarsh Bhatia

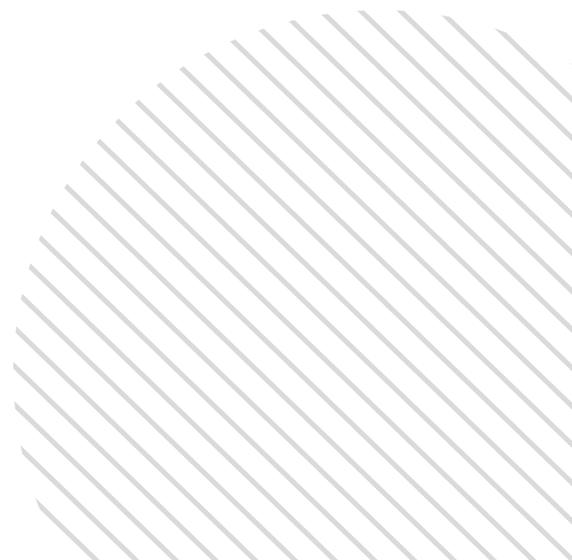

For a long time, I was looking for a vehicle that could best suit my need of city, highway, off-road, personal and family use. When I bought the Hector, I got exactly what I was looking for. It is spacious, very comfortable to drive, and the engine is quite powerful and gives great mileage. I drove to Udaipur with my family in February and it gave 19.6kmpl combined mileage for the entire trip of 1900km, which is awesome for a car of this segment.

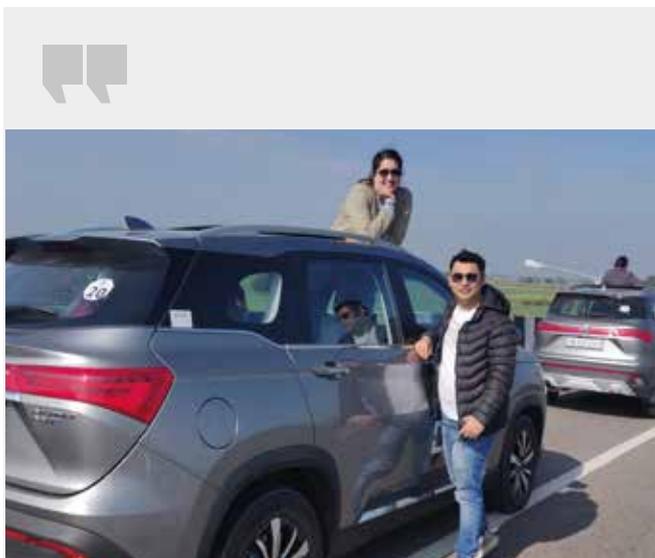

Harsimar Singh Sitta

MG Hector is prepared to take on any kind of terrain with ease and comfort. It is tough yet understanding. And the best part, it gives value for your hard-earned money.

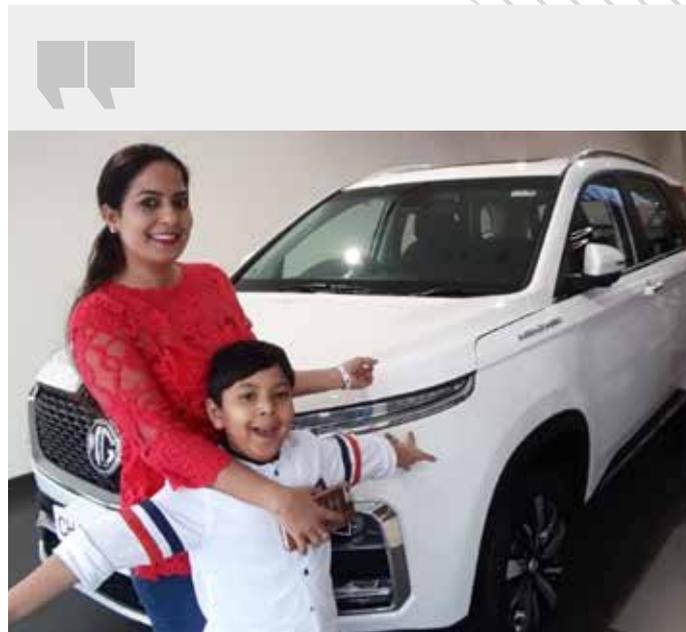

Vineet Puri

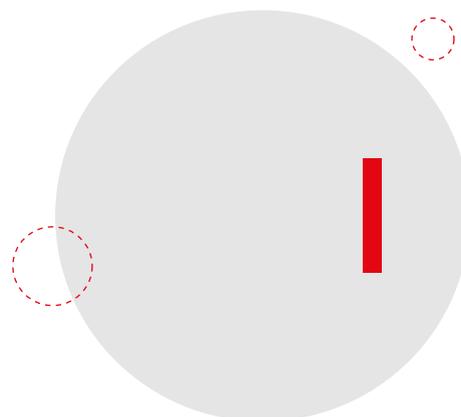

MG Hector has given my family and me more than we expected. It is a beast. The comfort and safety I feel while driving this car are beyond my imagination and no other car can deliver the same experience. Features and the finishing of the material inside the car gives me an amazing feeling of luxury. Value for money. MG Rocks.

Dr. Hitesh Pipat

I booked the MG Hector even before the price was announced. I am extremely happy and proud of my decision. The MG Hector has given joy to me and my family. This is an excellent car and I love to go for long drives in this car. It is the best car with all the worldly features in its class.

I purchased the Hector Hybrid Sharp variant in silver colour in January. I have had a very good experience with this car. It gives me a mileage of 14 kmpl approximately. I am very satisfied and the hybrid engine power is great.

Rajiv Kumar

Very good car and good service. Amazing features and very good on highways. Thank you so much MG, for this amazing car.

Atul Mittal

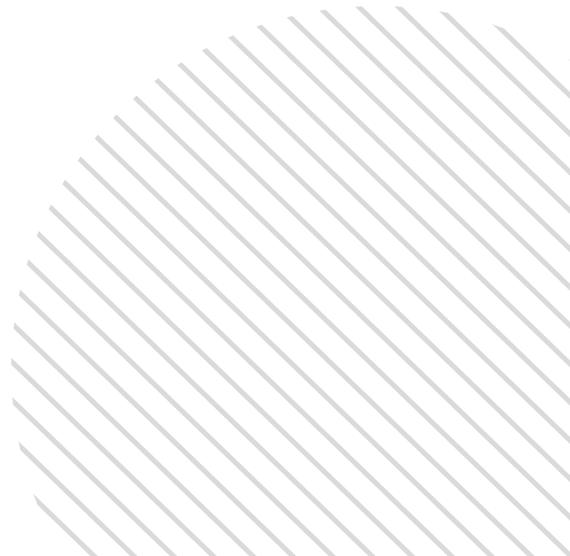

The overall feedback on the entire process from test drive to delivery of the car is that the sales executives are just wonderful. From time to time, they have explained to me all the queries I have had, before and after the purchase of the car.

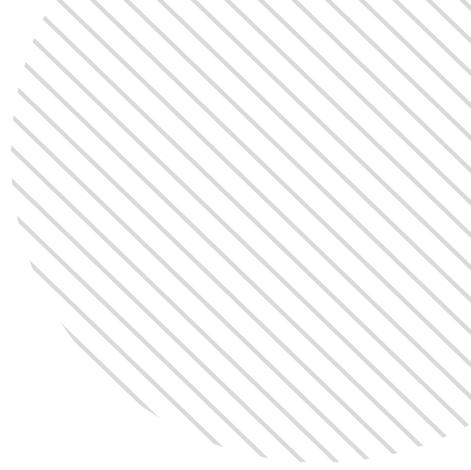

Raj Kumar Sharma

It is a brilliant car by MG. It is a smooth SUV that provides safety. It's a dream car for anyone, and the after-sales services are also wonderful.

Naresh

I love the MG Hector. I bought this car because I like all the features like the sunroof, touchscreen, internet, Gaana app and the i-Smart app.

CUSTOMER STORIES

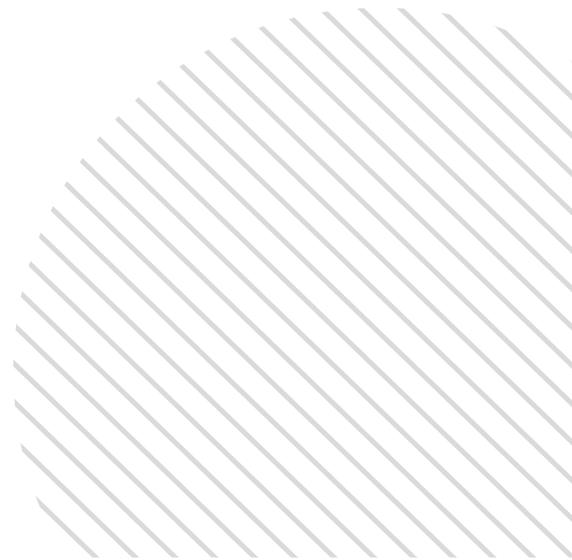

I have been using the MG Hector for 6 months now and I have to say that it is an excellent vehicle and extremely safe to drive. I am particularly impressed by the array of features being offered. The suspension is quite good too. The internet connectivity inside the car is also very useful. As a buyer and owner of the car, I am really satisfied.

S. Naveen Kumar

MG Hector is outstanding. My family enjoys taking the Hector out for a ride everyday. The panoramic sunroof is the added benefit which makes the car even more fun to drive. As a family, we feel safe inside the car. We're proud to be owners of the MG Hector and happy to be part of the MG family.

Rajesh Babu

The voice commands make everything easy while driving. The rooftop design is quite unique, and the overall look of the car is astonishing. Driving is very smooth and comfortable. The i-smart is the cherry on the cake.

Shaheena

Features and Safety are top priority for me which the Hector has fulfilled. It's a breeze to drive the DCT during bumper-to-bumper traffic. My kids enjoy the panoramic sunroof.

Sathis Kumar

We have taken Hector Sharp Diesel MT. It is excellent in driving comfort and has good pickup. Interiors look very rich and makes the car class apart. The MG Hector is loaded with features, voice commands and comes with a set of powerful engines, but one of its biggest talking points is its Sharp diesel, iSMART technology.

C. Benis Payl Suther

The car is excellent in driving comfort and has good suspension. It is luxurious and bigger than the other cars in segment. I am very happy with Internet inside feature and feel secured with iSMART.

Rahul Barathidhasan

MG COCHIN

Our driving experience and journey with MG Hector has been exciting and fabulous. It not only turns away our morning blues and rejuvenates us by its inbuilt internet feature and Gaana app, but also lowers our stress after a very busy day at work. And while on a long weekend outing or vacations, kids loves to feel the breeze brush against them, thanks to the panoramic sunroof. It's spacious interiors and boot space encourages most of the proud MG owners to take night drives wherein their kids can have a nice and peaceful sleep.

CUSTOMER STORIES

HELLO
MG!

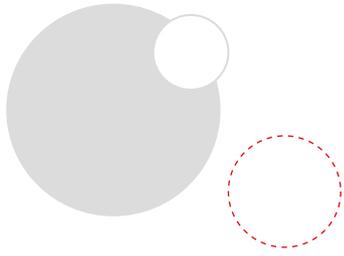

WELCOME TO
MG FAMILY.

Being a travel photographer, I end up carrying more equipment than clothes on a trip. Road trips in particular are what I prefer, which enables me to stop when I want and capture interior landscapes and faces. I work with Kerala Tourism and Photoworkshop Adventures which calls for regular travelling. In doing so, my car often turns into a second home. That's what made me chose a car which is spacious, comfortable and travel friendly. The picture featured here is from my hometown, Munnar which again demands a good car as it's a hill station. MG Hector has been very good on that, with off- road capabilities and long drive comfort. An add for me, as a wildlife photographer, it is the sunroof which allows me to capture shots without opening the door or disturbing animals in their natural habitat. I was slightly hesitant before choosing this car, as it's the first launch of MG in India. But now after 7 months, I feel satisfied that it was my right decision to take MG. The support and service has also been excellent. They have even serviced within a day which has been very convenient. I am happy with my MG.

Sebinster Francis

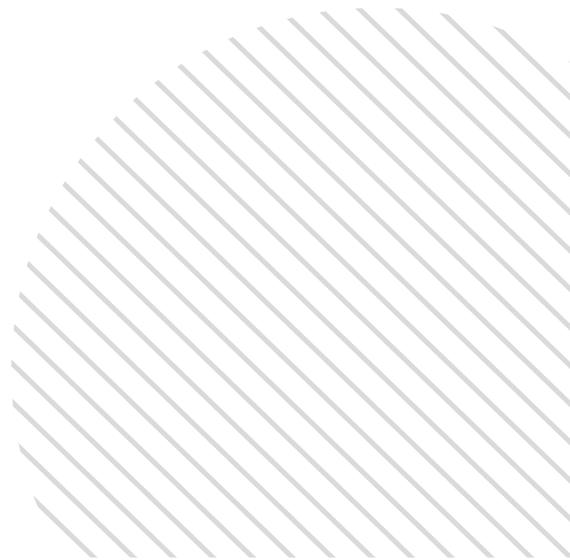

I am very excited to own a family SUV with automatic transmission. I thank God, my family and MG motor for making this a reality. Unbelievable comfort!

Aswin Uday

MG Hector is like a dream come true for us. A car with so many features in India was way beyond imagination! The panoramic sunroof, the infotainment system, smooth ride and a strong structure which ensures safety is mind boggling! For me driving MG is like flying in a Dreamliner!

Shujahideen P. B.

I was lucky enough to get delivery of my Hector within one month of my booking. Hence I became one of the first owners of the Hector in my city. A rare privilege indeed, considering its best in class features. It's a value for money car by all means and its road presence is absolutely awesome.

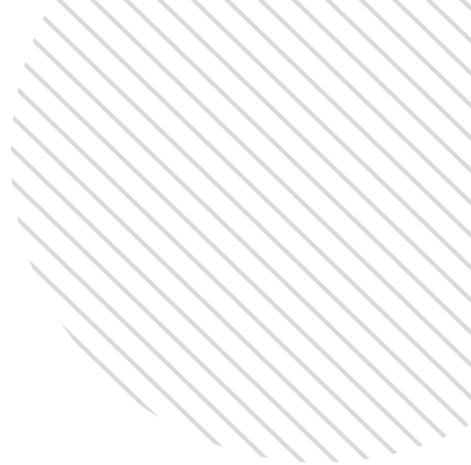

K. T. Shyam Kumar

It's an excellent car with a lot of features with comfortable and spacious interiors. The powerful engine and mileage give me a great driving experience. Internet in the car gives me more features and with the i-Smart app, I can access the car from anywhere, which inspires a feeling of luxury. I have been using a four-wheeler for the past 30 years, but the service I am getting from MG (Coastline Group) is unmatched, I highly appreciate Shamnas CI (Territory Manager) and Alex Kuruvila (Service Advisor) for a great experience.

Roy Mathew

I am very happy with my MG Hector. The riding comfort of the car is par excellence. On the highway, the performance of the car is excellent, and I have never felt that the power is inadequate.

Eldho Eapen

MG Hector is a perfect, stylish and trendy car. Absolutely fabulous. Very good ground clearance and gives a good mileage. Finally, I can say I have a fancy car. My sincere thanks to MG Cochin.

V. Shaji

I have developed a great deal of attachment with the MG showroom gentlemen and staff. I have experienced the staffs' quick response on issues with grievance management. They are so amicable and adhering to what a customer needs to satiate his demands. In short, splendid customer care every time. I have no issues which are unattended. Moreover, I take special care to attend events conducted by MG. To be honest, MG is a member of my family.

Sooraj P. P.

I have had this feeling only a few times in my life, that something is worth every penny I have paid for! That's how I feel about the Hector.

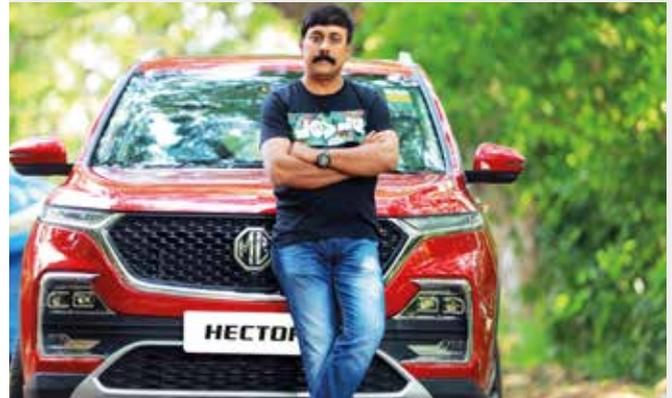

Joju Kuriakose

I had a great experience with MG Hector right from the purchase to the delivery of this beautiful car. The sales executives at MG Cochin were excellent and continued to be so even after the sale, which is very important for the customer. Coming to the car itself, it has all the features one would wish to have like plenty of leg space, even for tall passengers in comparison to all other competitor cars in the segment. It's been a month now, since I took delivery, I wish to say driving it is a sheer pleasure.

J. Sarvesh Chandran

Morris Garages is a familiar name from my childhood. Then British-made MG cars were only seen in films and movies. My son searched on Google to find out that MG was going to launch a car called MG Hector in the Indian market. My wish came true on 10th July 2019, when the first segment of MG Hector arrived in Ernakulam and I could afford one. I'm happy with my new SUV, its size and elegant features that none of the other competitors provide. As one of the first cars arrived in Kerala, in the initial few days people were fascinated with its significance. I along with my MG Hector were also featured on two YouTube channels. When travelling with family, I can travel comfortably as there is plenty of space inside. Let me tell you one more thing, it makes me happy to say that MG Hector is better than the best SUV in my vision.

Haris Mannancheril

Both the exterior and interior of the MG Hector are remarkable. The technology used in such a segment is awesome. I am fully satisfied with the service provided by MG Cochin. The overall performance of the car and the after sales service is very good.

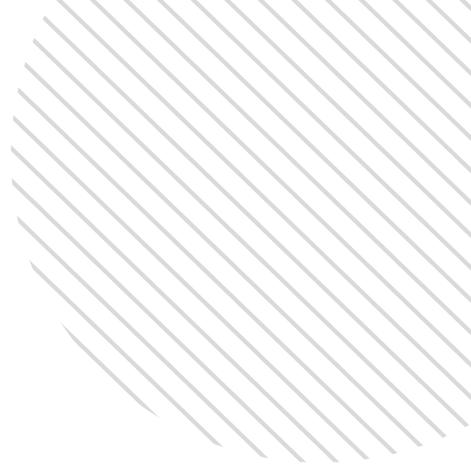

Babu Xavier

Great SUV for Indian roads with stunning and premium design. Our entire experience has been first class. The service, the vehicle, the value and the follow through. All exceeded our expectations. We love the MG Hector.

Nancy Siby

MG Hector is a very good car. It has great engine power and internet inside the car. The panoramic sunroof provides a great view even for the rear passengers. The overall performance and service of the car is also very good. Thanks to MG, it's a must buy!

Muhammed Azhar

Two good things happened last year: One, becoming a successful anchor and second, owning the MG Hector, a car with lots of emotions with the best-in-class features. I am using the top end diesel variant with top class performance with a satisfying 13 kmpl mileage on the road.

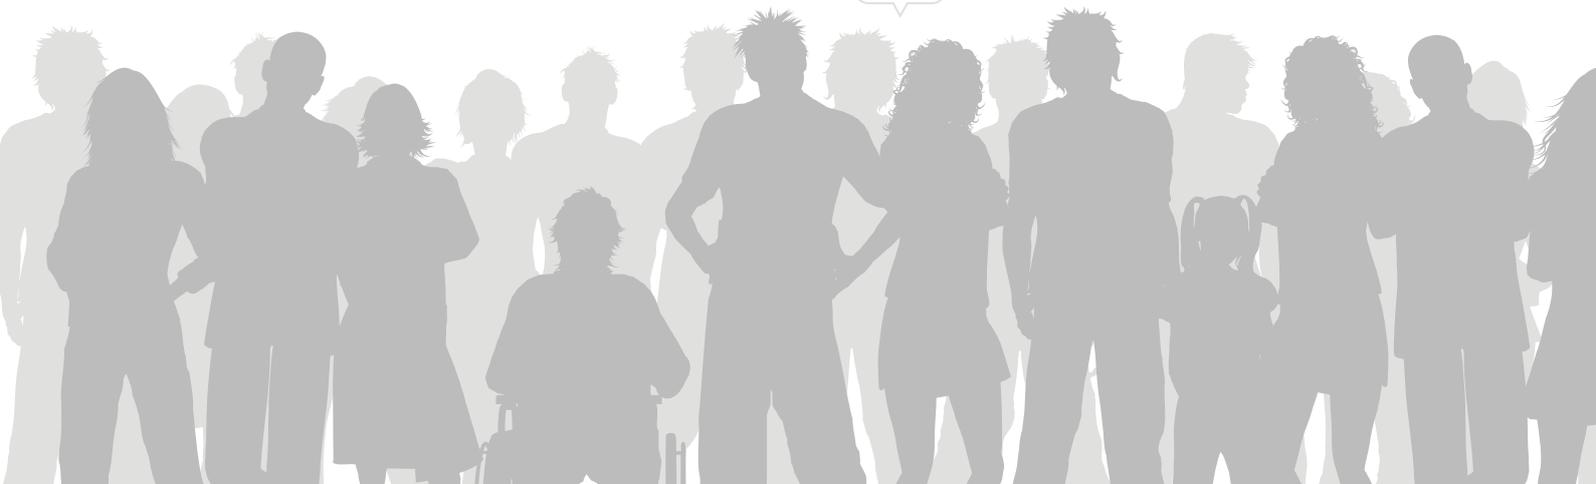

Akhil S.

I am a former user of Terrano SUV since 2014. I had no immediate plan to change my vehicle. But coincidentally, I came across a demo of MG Hector in a public function and happened to meet Mr. Feroz from MG Cochin there. I was impressed with the legroom and the spacious interior along with the boot space. A few days later I visited the showroom and met Mr. Anoop there for further discussion regarding models and decided to go for the petrol version after 25 years of being a Diesel customer. I have driven my Hector for 500 km now and I am happy with the driving comfort and the infotainment system.

COIMBATORE

We purchased MG Hector this January and I have to say that my wife and I agree that it was the most pleasant purchasing experience we have ever had. We have purchased many cars throughout the years, but this one is the best. All the features serve my requirements during travel, and the kids enjoy every drive. The internet speed is fast and top-notch even during responses. The engine is smooth, despite being a diesel engine. The seats and cabin space are the best-in-segment. The mileage compared to other SUVs is the best. The most exciting part is the panoramic sunroof which is very wide and perfect while driving on hilly areas. To sum up, this vehicle is an amalgamation of all the best things that luxury vehicles can provide. We feel so happy and gratified with every drive and we have chosen the best vehicle which is now a new member of our family. Just go for MG Hector, it's a terrific car.

Usually, people spend most of their time in the comfort of their home, but I love spending time driving my MG Hector Diesel Sharp. I have covered 3,800 km so far and found that it is a very comfortable car equipped with advance features. The drive is very smooth, with great road presence and an amazing music system. I am thankful that I chose the MG Hector.

L. Lawrence Dharampuri

It's a very proud moment for us to own the black beast and be a part of this esteemed and world renowned MG family. Hector in its every move unfurls exciting thrills and ineffable comfort. It is inevitable to say that the internet car unravels the contentment by splashing the vibrant music system, luxurious driving , affluent internet options , astounding body (flank) features. I would say its steering wheel is a magic wand that douses our stress and depression by its every rotation. Its whiffing move is a spell to drag everyone's eye towards it when it surpass them. In short it's owner's pride and neighbor's envy.

Mohanraj

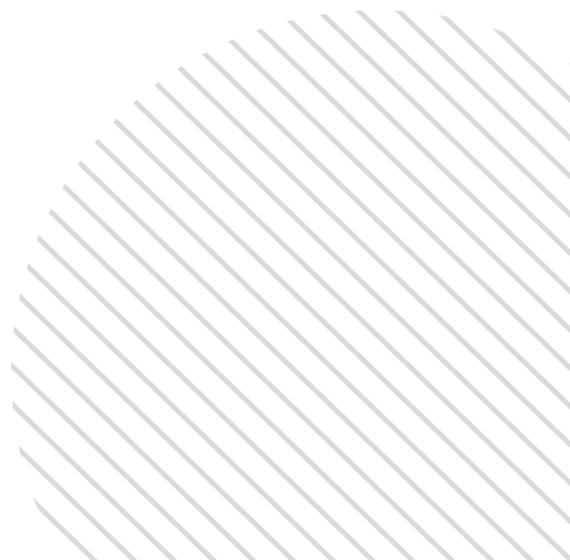

It was my dream to buy the MG Hector and I thank MG for all the wonderful moments I have had driving this wonderful car. The driving comfort is amazing for long journeys.

R. Ragupathiraja

The MG Hector was the only vehicle I wanted to buy since its launch in India so upgrading my old car needed no second thoughts. The feel of this SUV and its advance features make me feel royal. The powerful engine is like the icing on the cake. The spacious interiors with ample legroom and boot space are unmatched in its segment. Undoubtedly, the MG Hector is a highly equipped car on the road.

When MG was launched in India, I had doubts about the car but I still booked it before seeing it. However all my doubts were clarified when I visited the MG showroom. I remember, I asked the salesperson about safety, and he took the time to demonstrate and explain the safety features like 3-rod doors etc. My doubts were cleared as safety is always my priority.

MG Hector is one of best SUV cars in India right now. I own a hybrid Petrol Sharp variant, the engine power is awesome and the cabin is very quiet. The riding comfort and the features are best in the class. It has great luggage space and panoramic sunroof which provides a great view. The safety features are world class. It is a perfect vehicle for a family which is easy to drive in city and fun on the highways.

Rahul Das

When MG came to India, it seemed like it would be a great challenge for them to compete in the Indian Automobile Market. But when the prices of Hector were announced and the prices of its AMC revealed, we were so happy to see it dominate the market. All the best to MG!

Satendra Singh

MG Hector has a beautiful built quality and is very safe with 6 airbags. I am using Hector since past one month and found it to be a very comfortable vehicle.

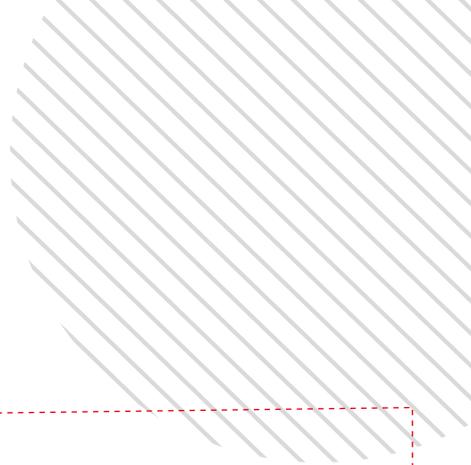

Ravindra Pratap Singh

Excellent built quality, design of interior is good, very neatly laid out, the fit and finish is extremely good. Extremely spacious and insulated cabin. Safety is also given a top priority. Hector is very comfortable, absorbs bumps beautifully. DCT is a little slow on downshifts and is focused more on comfort than an enthusiastic drive (engine doesn't like being rushed), but is powerful and has a linear power delivery. Service plans are excellent and tension free. Overall a very reliable and value for money SUV

Mandeep Singh Juneja

MG Hector is awesome. This is a complete family car and each member of my family likes different aspects of the Hector. My brother likes its power and bold muscular looks, my son likes the 10.4 inch screen and driving comfort. Its AMC package is a complete peace of mind for me. I don't think any other car would have given such peace.

Anurag Garg

MG Hector is a big and bold SUV. We really liked the bold grill, panoramic sunroof, music system and most importantly the huge screen. What else does one need in a car.

MG Hector is a car which provides complete driving comfort. We found AI based voice commands the most comfortable feature, which can control AC, music, sunroof and navigation. Also, driver seat adjustment, steering adjustment can be done without any driving distractions. For me, overall Hector is a complete package of comfort. It really is a Human Thing.

Salman Khan

Owning MG Hector is like owning a Dream Machine. When you are on the road, people turn round to stare. This feeling makes me proud. I own MG Hector DCT Sharp and have already driven 14000 km in 8 months. During this period, I got my Hector serviced 3 times at MG Faridabad Service Center and every time it feels like coming to my own personal service center. All the staff, technicians and manager greeted me well and took care of each and every single thing for my MG. I am seriously obliged with the outstanding high class service MG is providing. Thank you MG!!

Eshant Jain

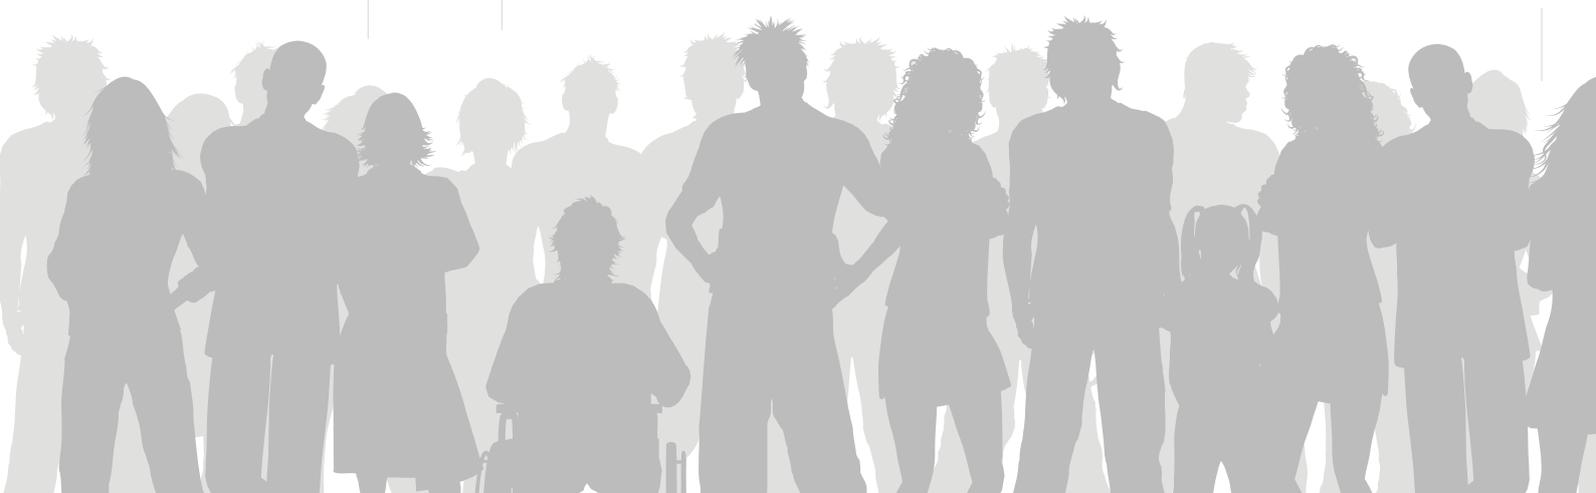

I am glad that Morris Garages has such a brilliant staff working for them. MG staff has amazing product command and knowledge and are very well behaved. They not only sold the car, but made my purchase a memorable experience. Looking forward to an amazing experience and association with Morris Garages India. I would recommend, anybody who wants to go with an SUV, to try MG Hector.

Swati Seth

We researched about MG and found the market reviews positive. We compared it to KIA as well, but after thorough research, we finally purchased the MG Hector. It is a very spacious car with good legroom space and provides a good road grip for a comfortable driving experience.

Puneet Bali

I don't need to talk much about it, the brand legacy speaks for itself. I really like the panoramic sunroof, the infotainment system and spacious legroom of my MG Hector.

Harvendra Diwan

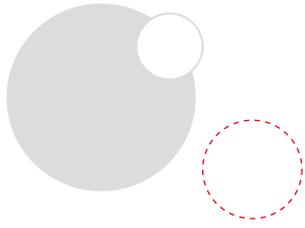

I would like to put it on record, that my entire experience with my new MG Hector has been simply fantastic and awesome. The entire staff at the Flagship showroom is tremendously competent and professional. They deserve a praise for all their efforts. My special and sincere thanks to Mr. Gaurav Kohli for his out of the way assistance and help. He deserves an applause for the dedication and unflinching support provided to us and with all his customers. MG's excellent staff made our experience fabulous.

MG Hector has perfect look, size and that too at a very competitive price. My dealership has proactive approach. Overall, I am very happy.

Amit Kakde

I would like to thank MG Gurgaon for their efforts in getting my Hector delivered on the desired date and time, as my son was leaving for the UK the same day. Appreciate their sincerity and professionalism.

Anil Kumar Sharma

I-Smart is an amazing technology, this is the first time I have experienced this in any car in India. With it I have the control of the car on my mobile phone with 50+ connected features. I am able to lock the car and unlock it with just a click on my mobile phone! It feels amazing using the app. I can also find where my car is parked. Thanks to MG for developing such a user friendly app which makes me feel more connected with my car all the time.

Rishabh Kumar Yadav

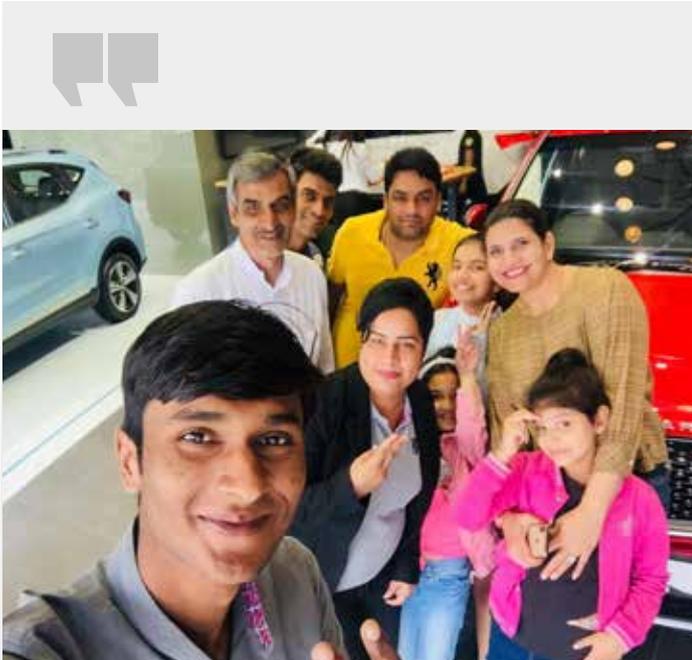

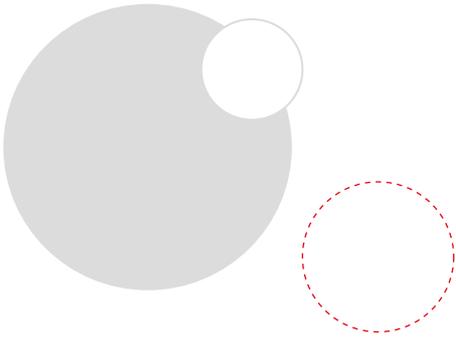

MG Hector is excellent to handle, unbeatably spacious with luxurious leather upholstery and infinity music system. Just best in its segment. It gives you the confidence, that while travelling you are safe even in case of an accident, because of its build quality.

CUSTOMER STORIES

My purchase experience has been fabulous. I love my MG Hector and its advance features. The i-Smart app and the My MG app add to the convenience.

Mukesh Malhotra

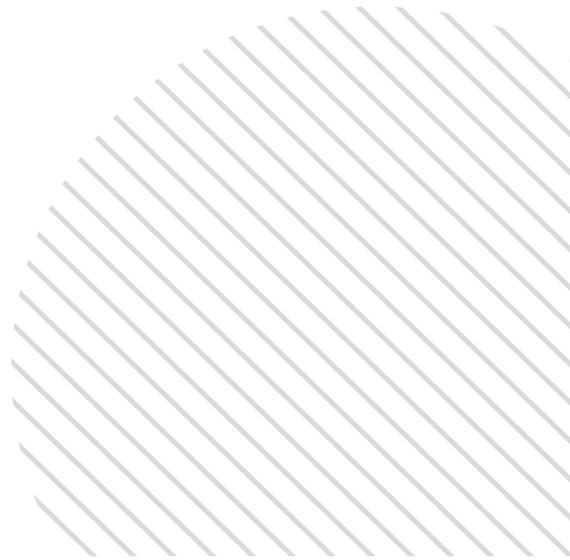

Hector is a complete blend of features and fascinates everyone through its human like connected features. My entire family wanted only the Hector.

Jagjot Singh Rajput

Going to work has become fun. Weekend outings have become more frequent and long drives ever so pleasant and fun filled. The sunroof has huge clarity and my kids just love it.

Mithun Pandey

MG is doing a great thing by providing girl child education, I am happy that I am contributing towards a girl child's education through MG. It makes me feel proud to be an owner of MG.

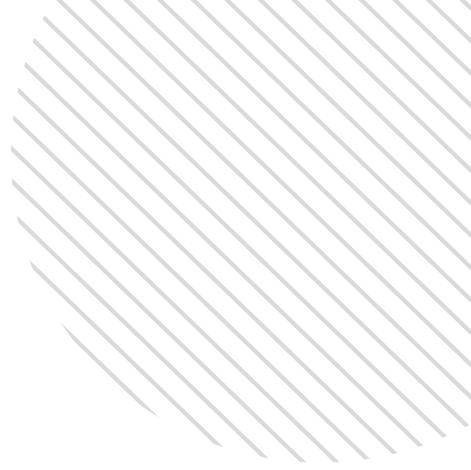

Abhishek Bedwal

MG is my dream car. I have MG Hector Sharp variant and I must say, the Hector stands out with its latest features and attractive looks. Its ride quality, panoramic sunroof and space inside the car, makes it a special car.

Kaushal Kishore Suman

When I saw the MG Hector for the very first time, I made up half my mind because of its road presence and bold looks. When I saw its features, then I made my decision to buy it because no other carmaker was offering such features like MG does in its Hector. I Love my Hector especially its internet features.

Nikhil Nayyar

Hector is a polished and premium SUV, one can take it anywhere without any hassle. You're safer in it than anywhere thanks to 24x7 assistance on a call.

The MG Hector is a premium SUV, with a sporty look. It's a complete family car with ample cabin and boot space. It is a safe car with amazing driving comfort. The 24x7 helpline is really helpful.

Nitin Bansal

We did a lot of research when MG came to India, but none of the cars had such legroom and safety features. Hector drew all our attention. We booked it without even knowing the exact price of the car.

CUSTOMER STORIES

Hector is classy, smooth to handle and has a great suspension and break. My family and I really cherish the drive and are eager to drive it even if it is for a kulhad chai around the corner.

Deepak Gupta

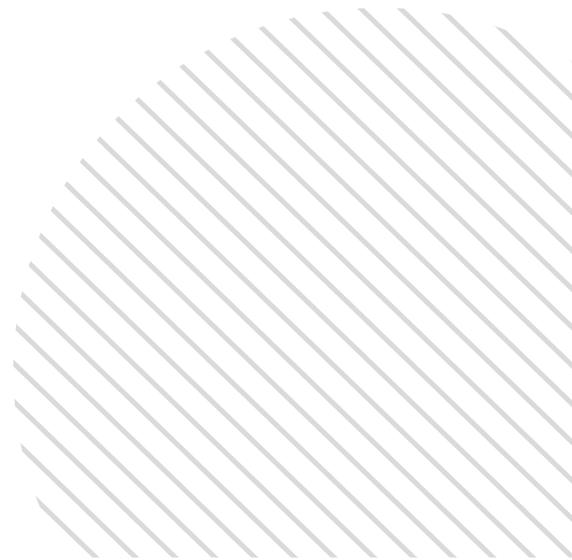

i- Smart is what I love the most, it has improved my driving skills due to the driving scores it shows. It pushes me to drive well and get as close to 100%. One incident in which app was really helpful was when, we went for shopping. When we reached the car, my hands were full of groceries. Suddenly I realized my husband had the car keys. Now going all the way back, or calling him would only waste my time. That is when I used the iSmart app to open the car. Such small things make great experiences.

Bhoomika Rawat

Value for money. We are overwhelmed with this car, its beauty and features. Features like big display screen is a thing to flaunt.

Roopam Budhiraja

So far fantastic, brilliant with superior excellence! I am in love.

Mohit Chadha

I am enjoying my MG. Great in comfort and mileage. No one should ever doubt the car or the brand, it's worth what you pay for it.

Rajveer Singh

My experience with MG has been great so far. Wonderful performance, best build quality and safety features.

Shikha Khanna

My MG helps in boosting my mood every time I sit in my car. Thanks to Internet Inside features. All heads turn to catch a glimpse of my car and this makes me a proud owner of my MG Hector.

A new generation SUV. My experience with MG Hector has been incredible. Its smooth driving, huge space and style stand out in comparison to the rest of the competitors.

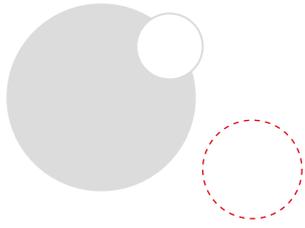

Saroj Patra

It's a family SUV. It has very smooth shock absorber. Once we kept our coffee in the case and drove at 100 Km/hr and it didn't spill at all. Really Awesome!

Pravin Katiyar

I love my MG! Most impressive feature is the 10.4 inch infotainment screen. It is truly a family entertaining car and we are having an amazing experience with Gaana app.

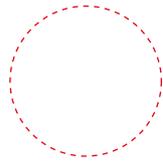

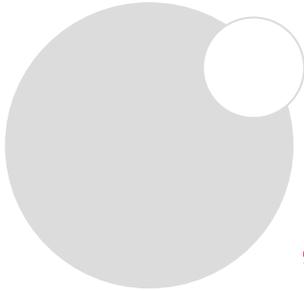

Aysha Parveen

We got our Hector delivered on Valentine's day and it was a pre anniversary gift for my wife. Dealership made my anniversary gift possible and pre-anniversary bash started at the dealership itself with cutting the cake.

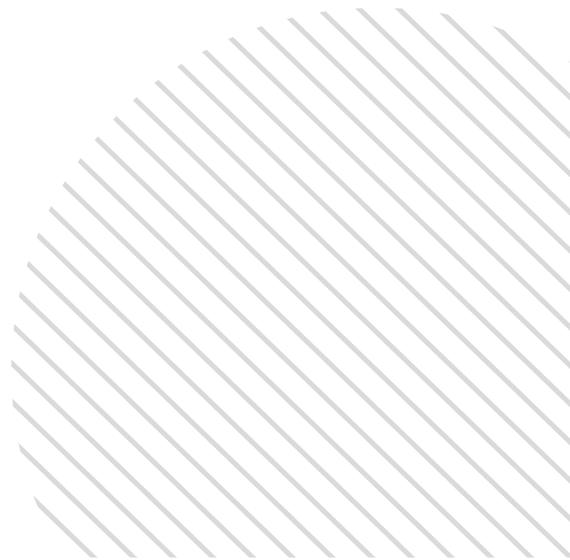

Ankur Allen

Best SUV because of its premium features and futuristic looks. Also MG is like a community. Join and experience drives and other engagement programs that help us spend quality time with family and other MG owners over weekends.

Amit Kapoor

I never feel alone driving Hector because 'Hello MG' is always with me. My experience with MG has been good and the team has made us feel very special. When I heard of WWF program, I was really happy that MG is supporting girl child education.

"Thanks mom and dad for my new lovely friend. I love MG" were the words my son said after we got Hector. My son wanted to have Hector from the time he heard MG is coming to India.

Manmohan Singh

Everything is perfect. I love its bold look and features, and MG has given us best service package too.

Anuradda Sanjay Bawa

The most amazing part about MG Hector is the logo as it gives a wow appeal. A huge SUV for my big family with a strong build.

Rajat Gupta

I along with my company partners have bought three Hectors in one go and recommended to many others. It is comfort at its best!

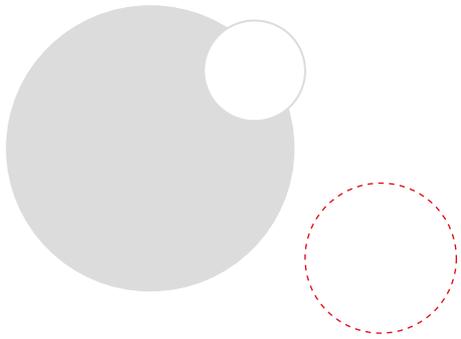

Rajesh

Both the interiors, and the exterior, of the MG Hector are remarkable. The technology used in this car is awesome.

Pragna Parande

In this price range, MG Hector is the best SUV. The powerful engine and internet connectivity are great features. It has a lot of luggage space and a panoramic sunroof, so even the rear passengers can enjoy the view.

Sunil Juneja

Good internet technology is the best feature. Its i-Smart technology is like having a smart phone for the car.

Romeo Vincent Tete

It is nice exploring the world with the MG Hector. It gives good mileage and is very comfortable in long journeys.

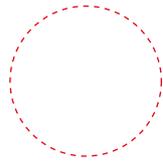

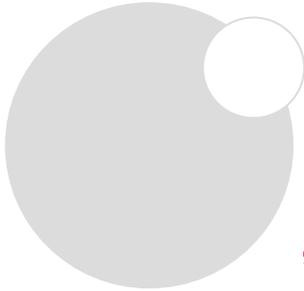

Akash Kumar

It's my wife's love for MG that convinced me to get Hector. She had been researching about the car and landed on MG. Like a sales executive, she pitched me the car.

Ajay Bhardwaj

I did a lot research before purchasing Hector. But when I saw Hector, my search was over. The car has great leg room and is so spacious.

Sangita Devi

I just bought my all new electric car, the MG ZS EV. Have already driven it for almost 240km in one single charge. MG has also provided superb facilities for charging as well.

MG GOA

A large white octagonal shape is centered in the upper half of the image. Inside this octagon, the text "MG GOA" is written in a bold, black, sans-serif font. Below the text, there is a solid red horizontal bar. The octagon is partially overlapped by a larger, semi-transparent octagonal shape with a diagonal line pattern on its left side. To the right of the main octagon, there is a smaller, solid white octagonal shape.

When we visited the showroom, features of MG Hector amazed us. I would say this is the best car that I have come across with its amazing features and affordable price. The sales staff was very cooperative throughout the process. We would like to thank MG for providing education to 6 girls on our behalf. We are proud of our decision to choose this luxury car. And yes, it's a human thing!

CUSTOMER STORIES

Fantastic car with best of the features. Very comfortable and luxurious, and has value for money. Great power engine and internet in the car as well. Had a good experience in the MG showroom. All the staff at the dealership are very friendly.

Chetan Shetty

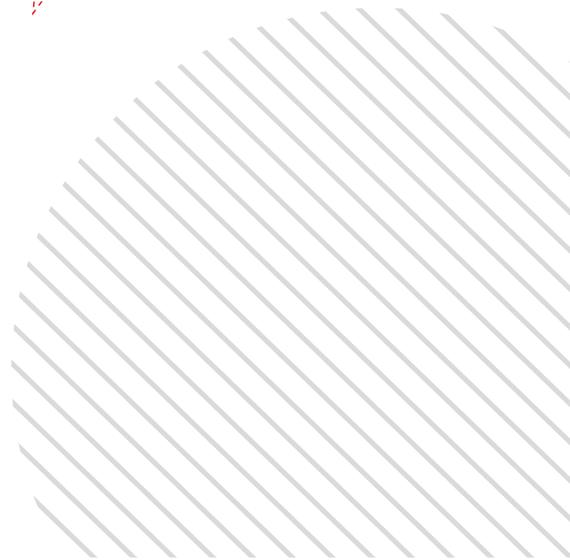

The most awaited car for us! I love the comfort, luxurious and sporty look. And I really loved the WWF initiative undertaken by MG that not only benefited me, however felt like I was making a contribution towards the society.

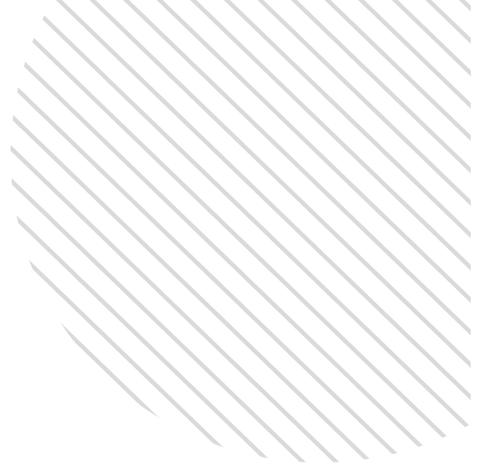

Kartavi Mashelkar

MG Hector has amazing features and is a complete value for money in the segment. All its features, especially the safety features are amazing. This is a fabulous car with a great mileage. Easy to overtake in a lower gear. So smooth and easy to handle. We are really satisfied with this car and there is no other car like MG. The response of MG dealership is also fabulous. No other dealership will give as amazing a response as we got.

Babita Shinde

MG Hector is very enjoyable and comfortable to drive, specifically when you are covering long distances. The robust built quality ensures safety while you are driving.

Agnelo Fernandes

MG Hector has the best-in-class features like voice assistant, live navigation and remote vehicle control. Its i-Smart features help to stay updated about the condition of the vehicle. The 360 degree camera and connected car features are an asset while the panoramic sunroof gives a different vibe.

Solan Pereira

This small note serves to express my sincere appreciation for the outstanding sales service that the MG Goa dealership has given me throughout my car purchase process. Their professional demeanor, attention to detail and exceptional service is what will make me come back to them in the future. I have already driven my Hector DCT Sharp AT to about 500 km, it has been sheer pleasure. Recently I did my first servicing at the MG Service Center, Old Goa and that too was a wonderful experience. Thank you all at MG.

André P Fernandes

Bringing home the Hector is such an awesome feeling and a moment of pride for me and my family. The comfort level whether you are on driving wheel or at the back is top class. The big display touch screen is full of applications and is eye-catching, which makes the dashboard look classy. Its safety features with 6 air bags, powerful engine and ABS, EBD system is of great advantage when you apply sudden brakes.

Simply superb "MG Hector"!

Vinay Reddy

The MG Hector has an excellent built quality, good interior design, very neat layout and an extremely good finish.

Jithender Reddy

Having conversations over the dining table about new places to now exploring them, MG is taking us to new places.

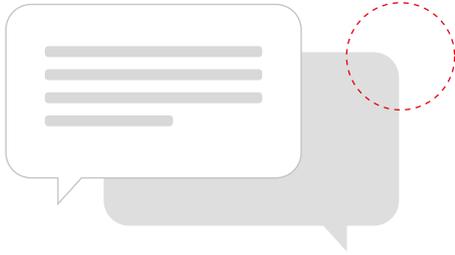

P Veeresh

The MG Hector is a very well featured SUV for its price. It's my first car and I loved it. I love the panoramic sunroof for the beautiful views, 360 degree camera, electronic tailgate and for its ample boot space in its segment. The car has excellent driving comfort, has good suspension and a good pickup. It has the features of a luxury car in a budget.

Avinash Koyyana

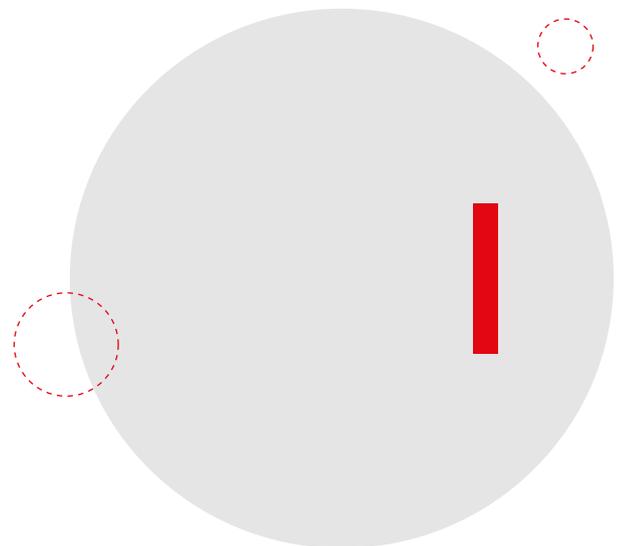

MG Hector, It's really a Human Thing! Drove it in almost all terrains and it gave the best performance. It's really fun to drive when turbo kicks in and the braking with ABS, EBD and brake assist are really helpful and of course, useful. It is truly the best car in this segment. Please don't fall for rumors about MG. Take honest reviews from owners. 5 out of 5 for MG Hector.

G. Vishnu

In this price range, MG Hector is the best SUV car. The powerful power engine and internet in the car are great features that let you find your place and never lose directions.

Audi Thanmayi

Absolute justification for the new trend and style. Very good ground clearance and gives good mileage. Also, the sound system makes you drift which is perfect for long drives. Finally, I can say a Hector is a fancy car with a mighty look.

HELLO MG!

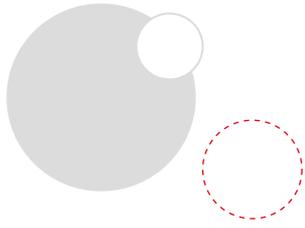

WELCOME TO MG FAMILY.

The MG Hector is certainly a head-turner. I took a test drive and it was love at first sight. I booked it even though many people said that it's new and hasn't been tested enough in Indian conditions. They have provided best in class features like 10.4 inch infotainment system, the reverse parking sensor, 360 degree camera and lot of space. The only words that come to my mind are 'best-in-segment'. The legroom provided for the passenger seats is one of the best I have seen, compared to other SUVs available.

Abhishek Singh

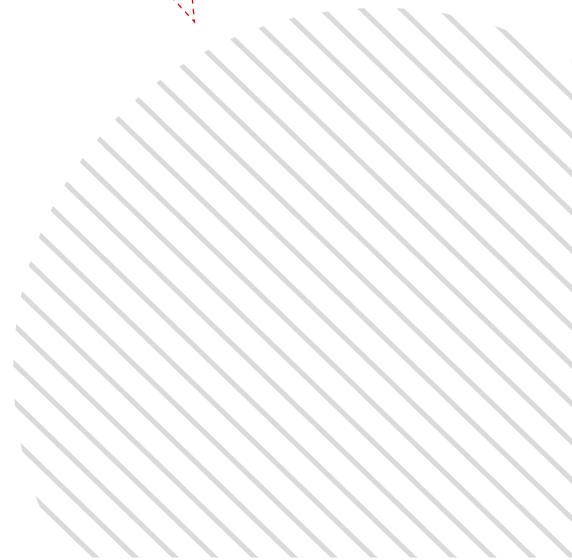

The MG Hector is a very good car with a good infotainment system. It has interesting features like a 360-degree view camera which helps me drive and park smoothly without any difficulties. I can say that I am a proud owner of the MG Hector. The car is very spacious and the Gaana app installed in it is amazing. I am extremely satisfied with MG Hector as it is running without any issues.

Bhawani Singh

It's been more than a month, since I'm driving MG Hector. I must say the features are excellent and very futuristic. The driving quality is very comfortable. The built quality is strong. Hector is a big car, but the handling is so good and smooth, it feels like a sedan. Even on the turns Hector is very stable, the suspension is so good, the body roll is very less.

Shivam Jaju

MG Hector is the best car in this segment. Every feature of MG stands for premium class. MG provides new technology to ensure that your car is safe through i-Smart . It helps me lock and unlock the car and check actual status of the car by scanning it. Lucky to have a car like MG.

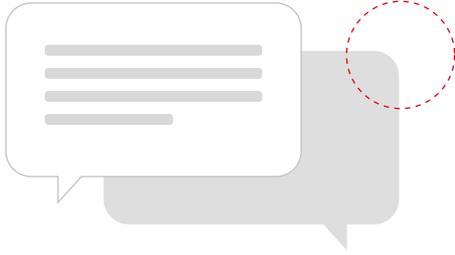

Praveen Laddha

It has been a great experience with Hector and the mileage of the car is really good. All the features like voice command, internet connectivity, panoramic sunroof etc. in my experience are superb. I will definitely recommend Hector to my friends and family.

Mahesh Moolani

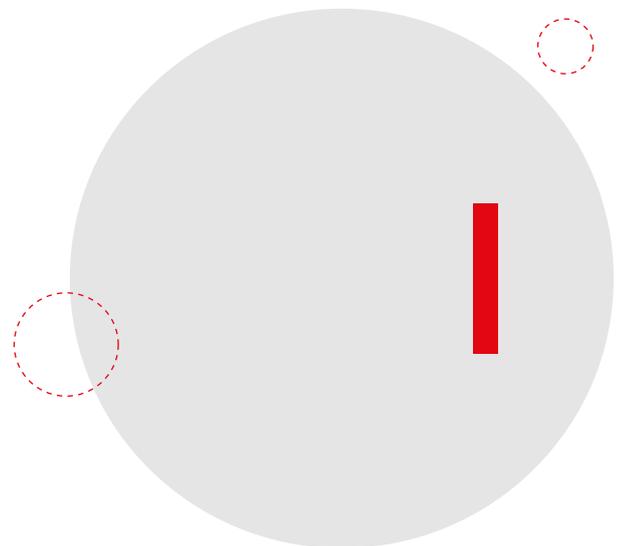

I bought MG Hector 6 months ago. Its comfort, suspensions are too good as compared to other cars. I have 2 more cars but every time I go outside my first preference is to take MG. The safety features and 24x7 connectivity with my car through the i-Smart app gives me peace of mind. All over I would rate this SUV as 4.5/5, it's only because nothing is perfect, there is always a scope of improvement everywhere, but Hector is way too close to perfection.

Umesh Rupani

MG has given magnificent features in an affordable budget. It has got the potential to attract people. Overall till now we are pretty much satisfied with this car. Thank you MG.

I am a proud owner of MG Hector petrol DCT. I am 6 feet tall and was looking for a SUV comfortable for my height. I travel a lot with my family, so I needed more luggage space. My needs were fulfilled by MG. Overall I rate this as one of the best vehicle in its segment.

Ajay Kumar Jain

It was difficult waiting for 3 months after booking Hector, but it was completely worth the wait. According to me it is the best car in its segment with phenomenal features, most of which are even first in segment such as voice command, 360 camera and panoramic sunroof. The ride quality and interiors of the car feel plush and premium. I am totally satisfied with MG family and my car. Literally there is #NothingLikeMg.

MG Hector is the most stable and safe car in its segment and provides you value for money. My experience with the MG Jalandhar dealership was also beyond expectations. They provide excellent customer service.

Sewa Singh

I just want to tell you that MG Hector is really an amazing car. Its features are fab. I really enjoy driving MG and I am totally satisfied with it. I am also very glad to be a member of the MG family and I appreciate the staff of MG Jalandhar. They are very cooperative towards their customers.

Parush Sarna

I love this car with its unique safety features and smooth driving experience. Big thumbs up to MG Motor.

Prem Kumar

I am very happy with the services of the MG Jalandhar dealership. The delivery process was like a dream. I have only ever seen this type of a delivery experience for luxury cars. It has been a great experience so far.

Amarpreet Singh

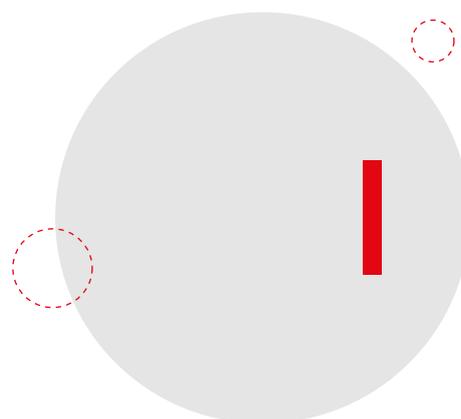

Owning MG Hector makes me feel really great. It is no doubt the best SUV in its segment and at this price. No car has the features that it has. MG Hector has power, style, and it is smart too.

Balwinder Singh

The driving experience is very smooth. The features, size, safety, and comfort of the MG Hector are beyond expectations. I love this car. I would like to thank the MG Jalandhar team for a timely delivery.

Brij Mohan

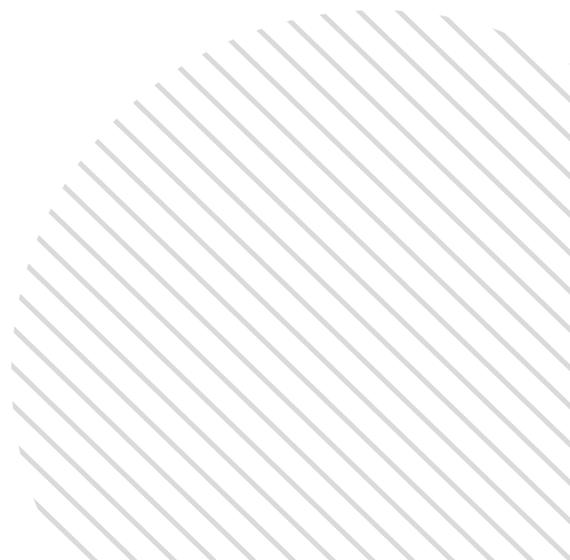

I was initially hesitant to buy the MG Hector but when I walked into the Jalandhar showroom to see the car, I was very happy to see the attitude of RM towards customers. My every concern was resolved politely. After taking a drive, all of my concerns just vanished. I am very happy that I chose Hector.

CUSTOMER STORIES

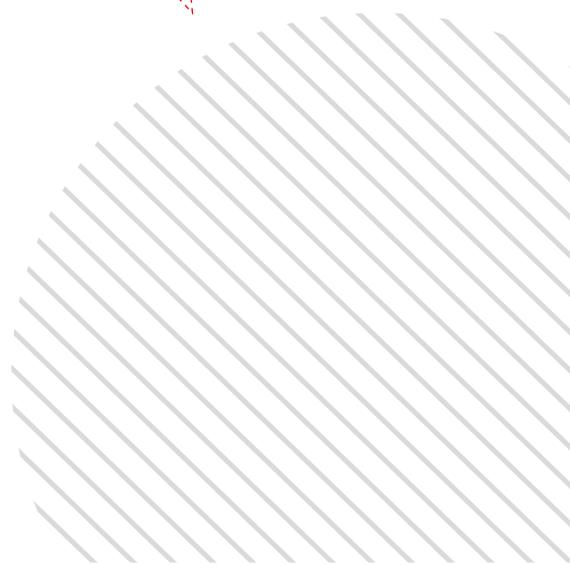

I have always been asked, which car is my favourite? I have a clear answer now - The MG Hector is my favourite car. I am extremely satisfied with the MG Hector as it gives a smooth driving experience. I drive Hector about 100km daily on Cruise Control mode for a comfortable drive.

Jitendra Sidawat

It has been a great experience with MG Hector and the mileage of the car is so good in petrol hybrid because of its external battery support. I love all the features that MG provides like voice command, internet connectivity, panoramic sunroof etc. I will definitely recommend Hector to my friends and family. Right now I am posted in Haridwar and whenever I need help regarding anything my sales person helps me everytime all the way from Jodhpur.

Maj. Lokesh

The MG Hector is a very good car with lots of interesting features, like the 360-degree camera view for easy parking. The music system installed is amazing. It's a premium quality car in all aspects and I'm totally satisfied with it.

Rajendra Singh

I rarely trust new brands, but I took the decision to buy MG Hector and I can proudly say that MG Hector was the right choice. MG has revolutionized the Auto Industry by providing mind blowing features at an affordable price. The staff at MG Jodhpur is very helpful and even now if I face an issue with the functions of some features in the car, I contact them and they help me out every time.

Narendra Jain

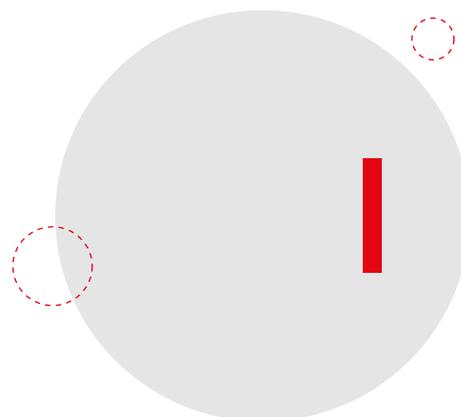

I have been driving the MG Hector for 5 months and I am totally satisfied with features like the voice command and the Gaana app. The car is very spacious, and it's been running smoothly without any issues.

Narendra Saxena

I am happy that I got the opportunity to take such an amazing car home. My parents and wife love this car and a lot of my friends take photos with my MG Hector and that's a different kind of happiness altogether!

Sankalp Saraita

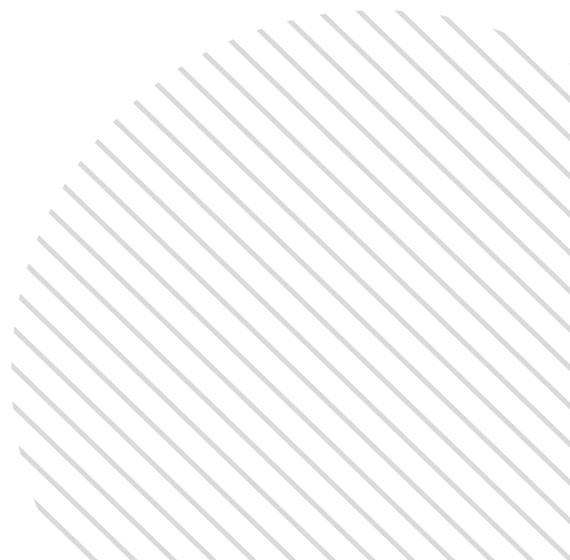

It has been a month since I bought the MG Hector Smart variant and it's absolutely wonderful with good mileage. Earlier I was concerned about the mileage, but it gives a mileage of 14.5 km/l which is pretty satisfying. I like the design of the car and my service experience at MG Jodhpur was wonderful. Due to some issue, I called them for some help at midnight and they received the call and fixed my issue as well. I am extremely satisfied.

Chattarsingh Gohil

I am so delighted to purchase my favourite car. The features of the car are amazing that other brands in the market don't have. Voice commands are my favourite. I received the delivery on my marriage anniversary and the entire MG Jodhpur celebrated with us.

I am really thankful to the MG Jodhpur staff as they treated my family well and respected our wishes to perform our rituals during the purchase of our Hector. We have taken the MG Hector in glaze red and my children love it. According to us, it is a very comfortable SUV. I have a back problem but even during long distance travel I don't feel any discomfort.

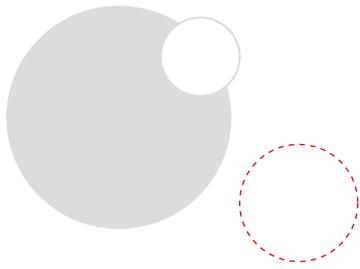

Usha Rajpurohit

Hector is a very comfortable car and we are glad to own it. It has a good pickup and the drive is very smooth. We love to travel and are happy to welcome our new travel partner, the MG Hector. The music system in the car is amazing. We love the MG Hector.

Jasveer Singh Brar

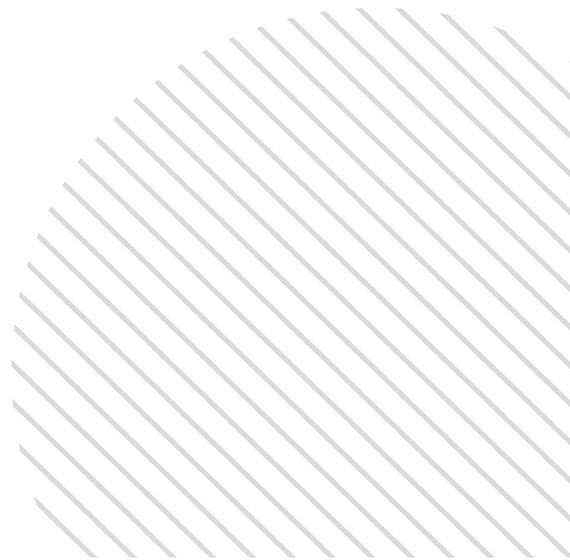

We are lucky to have bought the MG Hector. My children are very proud of it and love taking pictures with it. We love the staff at MG Jodhpur. Our sales executive has been very cooperative and has stayed in touch with me even after the delivery of the car.

Sharwan Kumar

I am from Jalore and I was the first one to own the MG Hector in my city. People there keep asking me about the car and I have only positive reviews to share. I have also referred Hector to a lot of people. My experience with the staff at MG Jodhpur has also been very good. Service advisor, Mr. Abhishek Sharma has even helped me with my car at midnight while I was driving on a highway.

Aditya Mehta

My son loved the MG Hector and pushed us to purchase it. I was the first one to buy Black Hector Diesel Sharp. It has surprised us with its features. My family loves the car and the behaviour of the staff at MG Jodhpur is very nice. I consider them my family now. I am totally satisfied with the MG Hector.

Virendra Singh Bhati

I have bought 3 cars in my life and as far as buying experience is considered, buying Hector was the best one. And even as ownership experience MG Hector has never disappointed me. My journey from the day of booking and till date has been amazing all thanks to MG Jodhpur staff.

Dr. Praveen Agareal

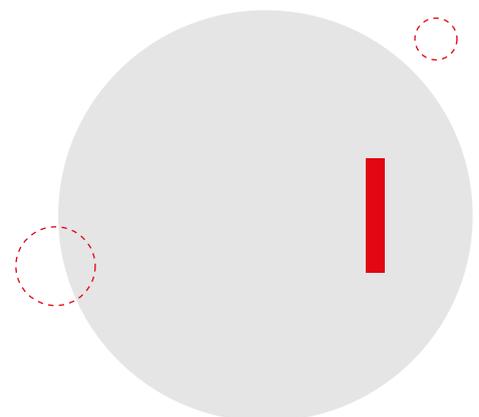

I was astonished when I first entered the showroom, I had never seen a showroom like MG. I loved the concept and even took a lot of pictures with the brick wall background. I booked the MG Hector first and then took the demo so I was surprised by the internet car features. I visit the showroom every week as I love the coffee at MG's Cafe.

Kamlesh Tater

My friend Jinendra Sankhla and I booked the MG Hector on the same day. It's a dream come true for both of us and we even chose the same color. We are happy with the mileage provided and are thankful to the staff at MG Jodhpur. I rate MG Jodhpur staff as 10/10.

Aabid Amin

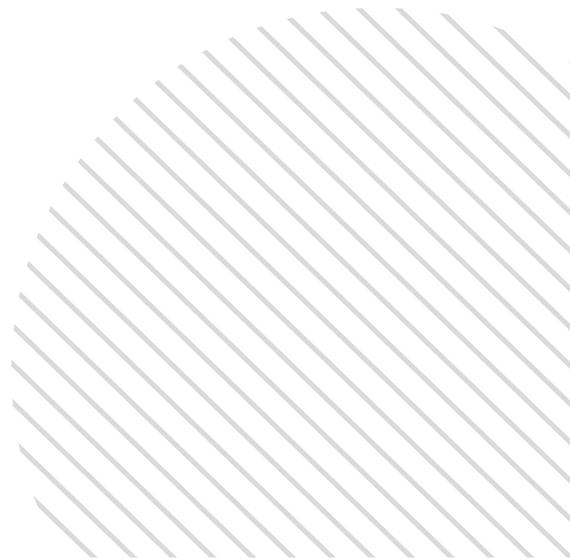

The experience of the MG Hector is awesome and the Gaana app is mind-blowing for a person who can't imagine driving without music. The best feature is that you can operate and manage the tailgate with your mobile phone without handing over your car keys to someone.

Dr. Amanpreet Singh

The MG Hector is a wonderful car. I am satisfied with the driving comfort and the good mileage of the diesel variant.

Mansi Mago

The service was excellent. The driving experience is also very smooth. I am absolutely satisfied with the car.

Dr. Anuj Gupta

MG Hector is India's first internet car and had caught the fancy of many people and mine too. It is a premium SUV with a great drive experience at all ends (city, highway or off-road) with utmost comfort and technology. Initially it seemed like a true value for money car but after owning, it has proved to be a car that is worth much more.

Happy to be a part of the MG Family.

Sunny Jain

I am very satisfied with the performance of the vehicle and more than happy with the professional and modest behavior of staff. It is an experience of a lifetime to purchase a vehicle from such a supportive staff, they are available anytime for any requirement or service. The build quality of the Hector is highly appreciable. I strongly recommend MG Hector to everyone for a real driving experience. I thank MG Motor for giving me such a nice experience.

The experience of owning the MG Hector has been very nice, all thanks to the support and services of the MG Motor team. My MG Hector is appreciated by everyone and I am satisfied with this excellent car.

Randhir Singh

I booked the MG Hector on 5th June 2019, and the dealership called me the very next day to explain everything about MG and invited me to the showroom. I found everyone at MG Karnal to be highly professional and my overall experience so far has been excellent.

Vivek Gupta

The MG Hector is an extremely comfortable SUV with top notch ride quality, highly refined engine with distinctive looks and an impressive interior layout. Hector – India's first connected car makes heads turn wherever you go. The massive touch enabled infotainment system with the infinity speakers are the icing on the cake.

CUSTOMER STORIES

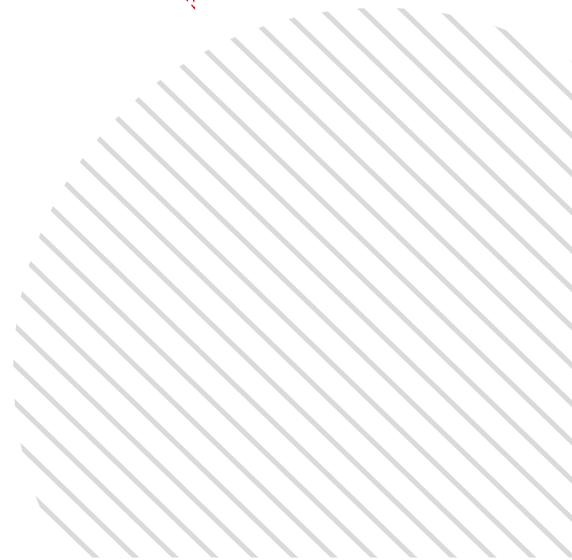

I am a proud owner of the MG Hector. Absolutely love its features. Driving my car is always a smooth and memorable experience.

Niraj Kumar Awasthi

I had a truly wonderful experience with MG Hector! It is easily the best car and has surpassed all my expectations.

Laxmi S.

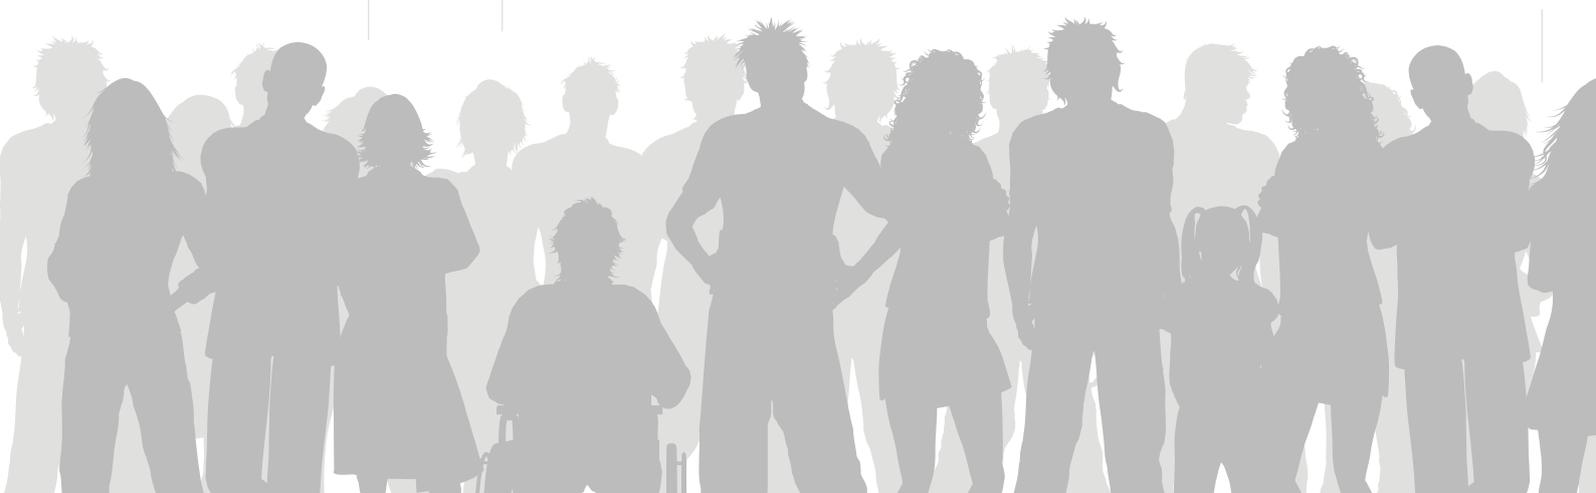

I waited for MG for a long period, but finally I got my Hector and I am so excited to begin the journey with my new vehicle. It is an amazing car.

Dr. Prashant Srivastava

MG Hector is a truly spectacular car! I am so impressed with the Hector and its features that I bought another one for my house in Delhi!

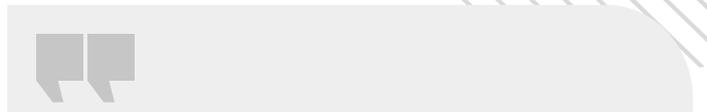

Shree Ganesh Agencies

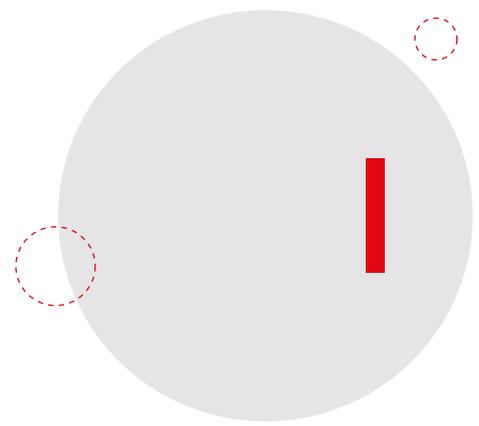

We are glad to be a part of the MG Family and we are recommending everyone we know to think of MG whenever they plan for a new car!

Neha Tandon

This is easily the best car I've ever had. It is excellent in driving, has attractive looks and offers superior levels of comfort.

Manju Srivastava

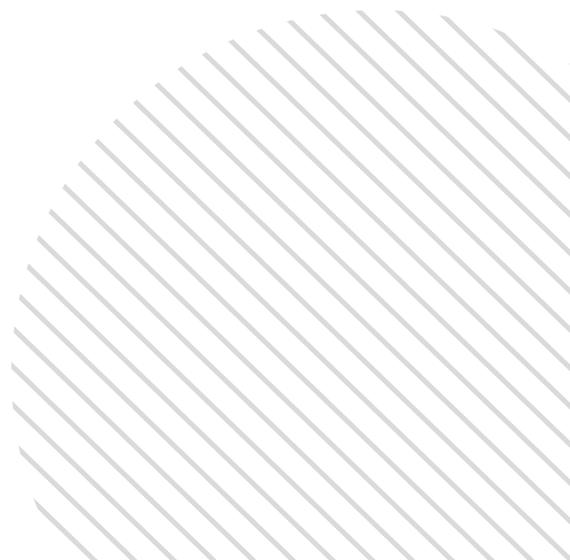

This is an internet car and looks absolutely amazing. It's extremely smooth and provides 24*7 assistance. I believe it is the safest car in India right now.

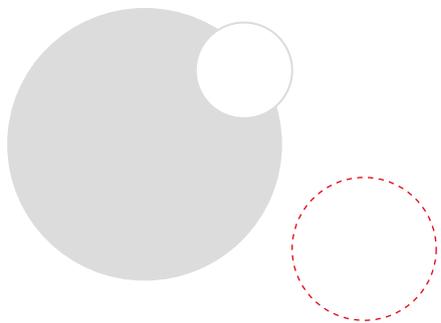

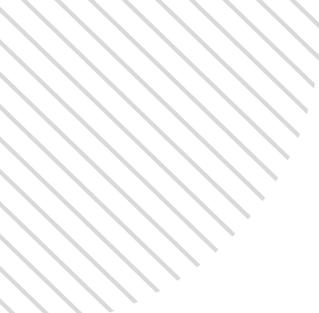

Vineet Kumar

My family and I had a fantastic delivery experience. I had dreamt of buying MG, and the company made my dream come true with their pricing!

The MG Hector is a luxurious car with excellent driving comfort and a good suspension. It is one of the best cars I have ever driven. Thank you, MG for launching such a great vehicle in India at this price range.

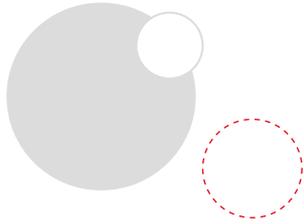

Saurav Gupta

We were planning to buy a SUV since the last 1 year and after narrowing down the options from the usual Hyundai and Maruti variants in our consideration set, MG Hector was the last entrant in the list. My whole family was initially skeptical about the brand as we have never bought any car apart from Maruti and Honda options till date, so considering the Hector was in fact, a leap of faith. When I first got into the car for a test ride, I was awestruck by the sheer size and built quality so it was definitely love at first sight! From that moment, I was clear with my priorities and booked Hector Petrol Hybrid Sharp on that very day. After a wait of 4 months, got the delivery of the car. Since then we have driven 2000 km and enjoyed every bit of the drive! The drive comfort is amazing and the great luggage space and panoramic sunroof is the cherry on the cake. In fact, I love exploring new features of the car and I feel that everyday I get to learn something new about the car. I am glad that we made this choice. A complete family car!

CUSTOMER STORIES

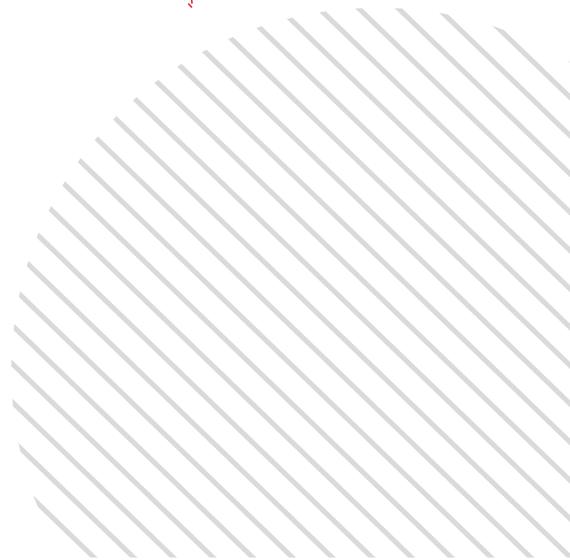

I was thinking about upgrading my vehicle and that's when I got to know about the MG Hector. I went to the MG Ludhiana showroom and took a test drive of the internet car. I was surprised to see the features and driving comfort of the luxurious car, all in my budget too. Hector comes with advance features that other brands don't have even at double the price range. I have driven my MG Hector for 30,000 km in 8 months and I am enjoying every moment.

Tejinder Singh Lotey

The 10.4" touch screen and dual pane panoramic sunroof gives a luxury feel. Also its 360° camera is awesome. It's the first Indian car that I have seen which has 25 standard safety features. It's really a wonderful car for Indians.

Deepak Kaura

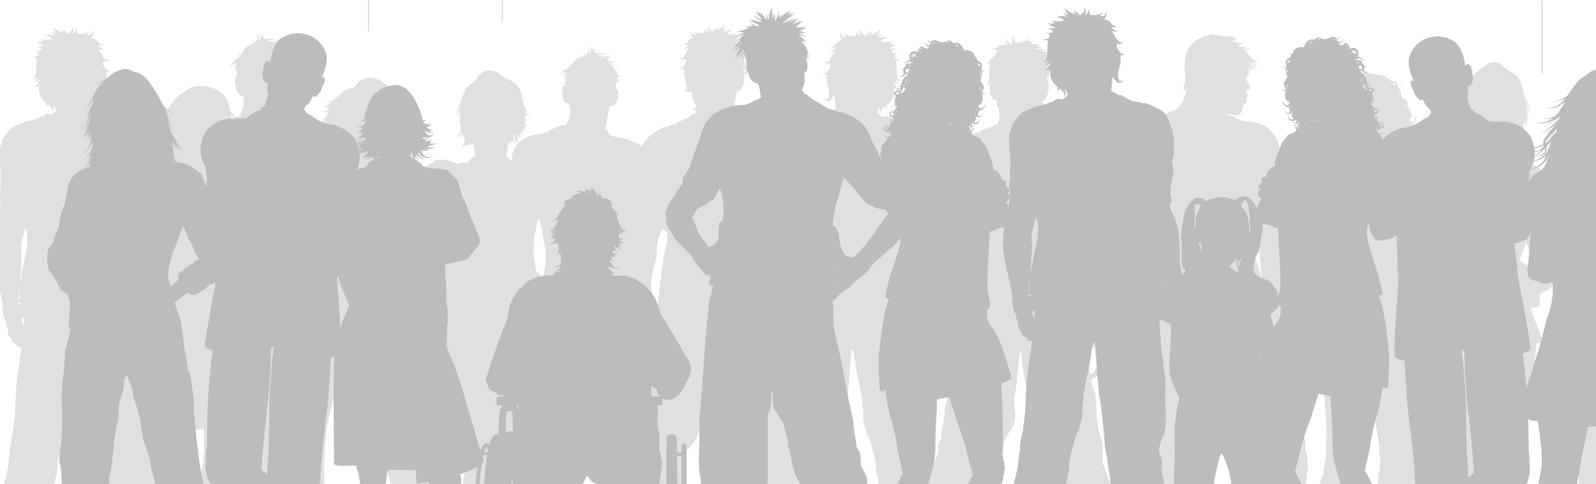

I am a proud owner of the MG Hector. India's first internet car has won our heart. I like the internet embedded head unit, which helps me in driving without distractions due to voice command features which ensure safety and assistance 24x7. Safety provided by the car is unmatched. Thanks MG, for this great product. It's really A Human Thing.

Sanjeev Sareen

The MG Hector is truly a human thing and has become my daughter's favourite car. The car never ceases to amaze her and makes her smile all the time. It is equipped with premium internet connectivity features along with premium upholstery. It's very easy to operate the tailgate and monitor the tyre pressure while on a long journey. It also keeps you connected to the Pulse Hub 24x7. It's the perfect partner for a weekend getaway.

Vikas Kapoor

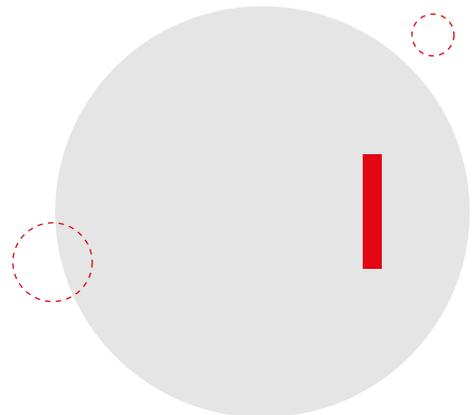

Let me introduce my beauty packed with multiple sophisticated features, it is my MG Hector. Thanks MG India, for the technological innovation and consumer friendly services and benefits. I am getting all premium features like power tail gate, bold road presence and an app fully loaded with features. In one sentence - A Complete SUV for your peace of mind.

Gaurav Kairpal

My wife and I both own our separate Hectors. With its built quality and safety features like 6 airbags, disc breaks and other safety features, I feel safe while driving.

Manpreet Singh Kaloti

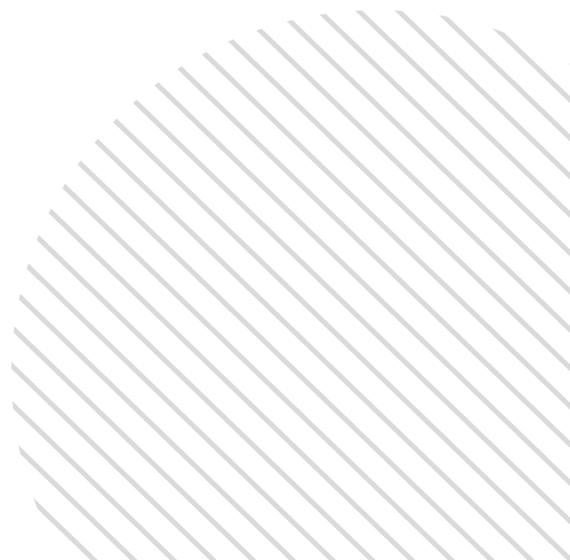

Let me introduce my red beauty packed with multiple sophisticated features. Thanks to MG India for the technological innovation and consumer friendly services and benefits.

Ashish Jain

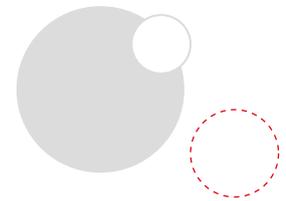

It was my dream to have my new MG on my daughter's birthday. And finally my dream came true. I love the experience I am getting in this full packed car like the Audi and Beemer. All thanks to MG Ludhiana for turning my dream into a reality and setting a new milestone in the Indian automobile industry.

MG has already established itself as one of the top brands. I am very happy that I chose the MG Hector. From its appearance to the quality, everything is premium and up-to-date. I travel along with my family and they enjoy the driving experience due to its comfort and spacious interiors. It's a dream car with very good mileage and I would always recommend the MG Hector to my friends and family.

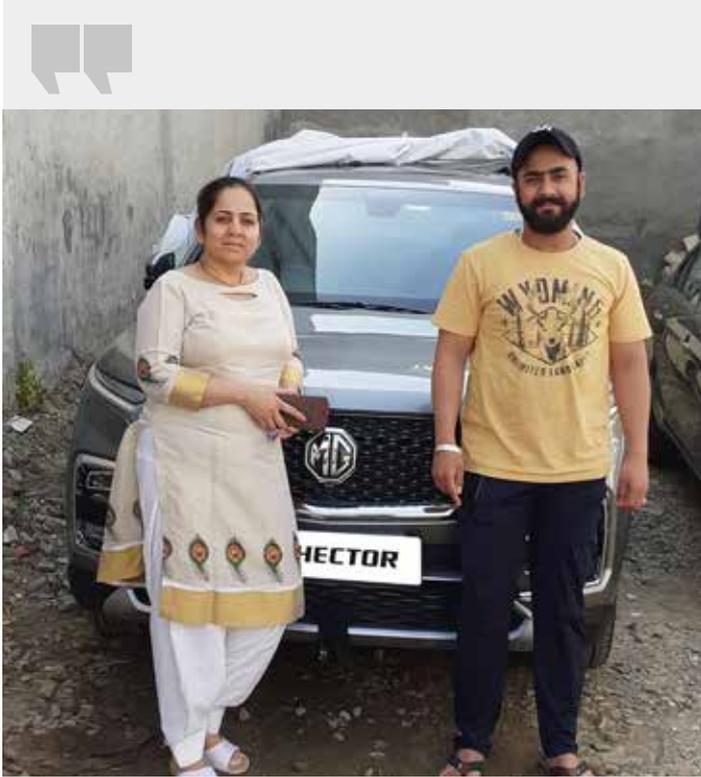

Harmesh Dhiman

I am in love with my MG Hector and very satisfied with its road presence. It has a strong build with internet connectivity. The iSMART feature keeps me connected to my car. I am satisfied with the brand, the vehicle and their services.

Poonam International

I am a proud owner of the MG Hector. It's my first premium SUV with all connected features. I must say, it is a complete package with world class service back up right through my head unit. I feel really safe and care free for while driving Hector. Thank you, MG.

Jaswant Singh

It was my dream to own a car with this kind of technology and finally, when I saw the MG Hector displayed at the mall, it was like my dream came true.

It's a perfect car with a high power engine. It drives well on all kinds of terrains. Interiors are just like luxury cars. I love being associated with MG as their team is really nice and friendly. I had some queries regarding the infotainment system after I got the car delivery and they resolved all of it so smoothly and with a lot of patience.

Rishi Polymach Pvt. Ltd.

The MG Hector has a sporty look and is a very powerful SUV, but it is also the safest SUV in my opinion. It has many sensors for safety like tyre pressure monitoring system, parking sensors, fatigue alert, geofencing and many more.

Govardhan P. B.

Wow! It is a beautiful SUV in India. The interiors are beautiful. The seats are very comfortable, and the leg space is good. We can enjoy long rides in it. Best SUV for Indian roads!

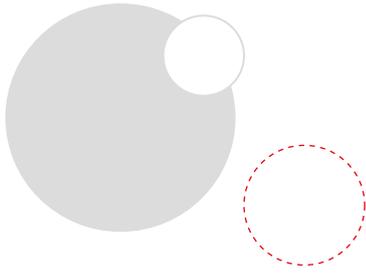

Nagesha B.

Hector looks fantastic and delivers excellent performance too. The front design is fabulous. The seating comfort is so good that you will fall in love with it. Even the long rides do not make you feel tired. It has a great road presence and feels very safe. I love this car!

Ramesh Narasimha Marakala

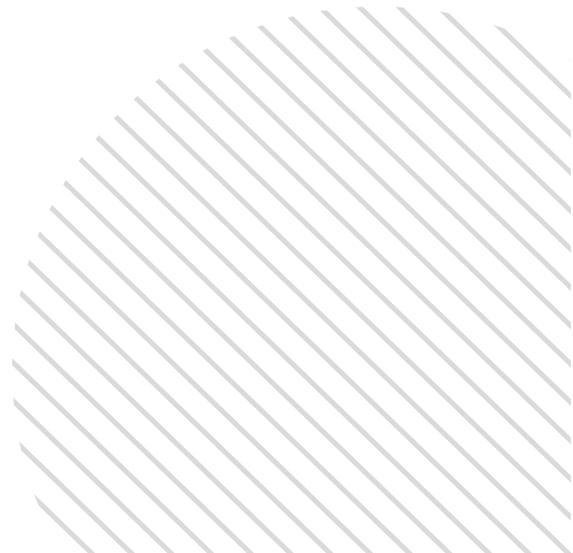

MG Hector is the best car! The seating comfort is fantastic and it has a beautiful interior as well as exterior design. The car looks extremely premium and provides advanced technology at such a great price. The boot space is ample for any family and the sunroof is a great addition.

Siddharth Patwa

This car's performance is excellent, runs very smoothly, and the car mileage is outstanding on both city roads and highways. I am in love with the i-Smart features of the car. I must highlight that I loved the support from the MG team, they were very helpful throughout the decision making and buying process.

Yashwanth Kumar A. M.

The look of the Hector is impressive, even the back look of the car is pretty good. The slim taillights are amazing at night. The elegant and luxury interior design looks fabulous with the big touch screen. The car also has fantastic off-road capability.

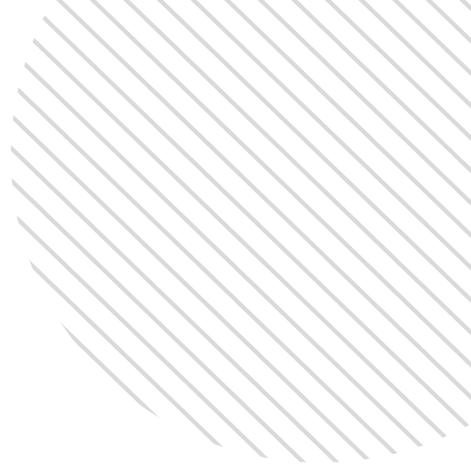

Anitha Bagare

I love this car. This is the best car I have ever driven and its features and interiors are excellent. I couldn't have got this home without the MG team who were supportive and approachable in the case of any questions. The entire team was very well-versed with the features of the product which helped me a lot in my buying decision.

Bipinbhai R. Dobariya

I have had a wonderful travel experience with my family in the Hector. This car is full of great features such as six accelerating gears, adjustable steering etc. Whether you are driving this car on the highway or in traffic, it always feels so smooth. It gives a lot of confidence to drive on small roads and in heavy traffic. It gives a mileage of 14 to 15 km/l in heavy traffic areas and 17 to 18 km/l on highways with speed transition. The suspension of the car is good. The road grip of the car is very good on all types of roads, even through rains. The vehicle is very reliable.

NAGPUR

I bought a glaze red DCT sharp variant. The staff is very polite, and the delivery experience was very good. I would like to thank Mr. Pranav, the team leader, MG Nagpur for his cooperation and excellent service. At first, I was very confused about what to buy as there were many competitors of the MG Hector. Though its features, comfort, luxury, and internet inside attracted me, I had heard many rumors about the Hector like mileage, faulty parts and apparent break downs. But after buying the Hector, I got clarity on the fact that the Hector is the best car in this segment. There are no such problems with the car which made me think that those were just publicity stunts by rivals to gain market share. We all know that the best things are always criticized heavily. I have driven around 300 km in 3 days and received a mind-blowing mileage of 14.3 km on the highway and 8.9 km in the city with bumper to bumper traffic. The performance was fantastic, and I didn't feel the need to go above 2000 RPM as the power delivery was good. I am very happy with the services and the car.

CUSTOMER STORIES

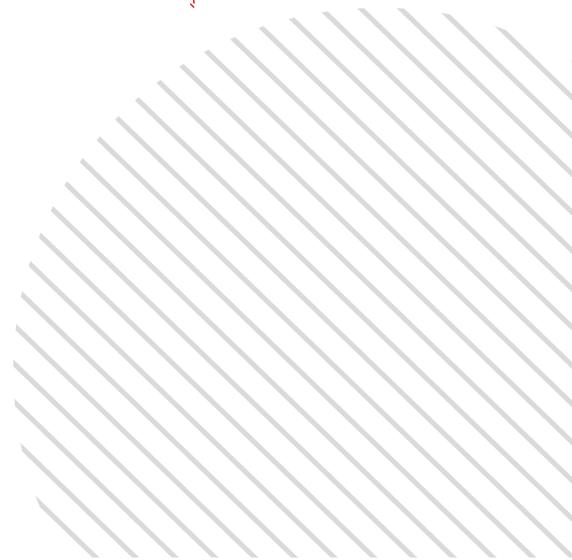

The Hector is the best SUV car available in the market today. The powerful engine, internet features, panoramic sunroof and display make it the best. The boot size is excellent. The support from the dealership makes things very easy and simple for us and helped us in making up our mind about MG.

Ankit Shukla

Hector is a car that I purchased for my daughter, Yogita, because of the panoramic sunroof in the car. But when I started driving the car, I felt the luxury and class that the MG Hector has. The car is totally worth the money and on top of that, MG has a bunch of hardworking, talented, and soft-spoken staff whose only aim is to satisfy the customer with honesty.

Dipesh B.

My first drive in the MG Hector was non-stop from Nagpur to Kolkata. We drove 1,250 km without a single issue or pain point. At present, I have completed 7600 km. Proud to be a part of the MG family.

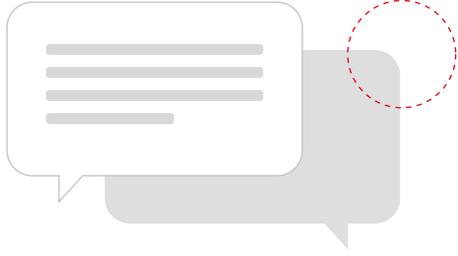

Megha Jay Raut

It is a fabulous car with great features, especially the inbuilt Gaana music app. It is very comfortable too. It has internet inside which allows one to open and close the sunroof from the mobile phone and we can navigate the car through the mobile phone also. Amazing feature!

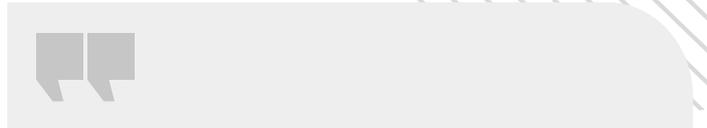

Ashish Khemuka

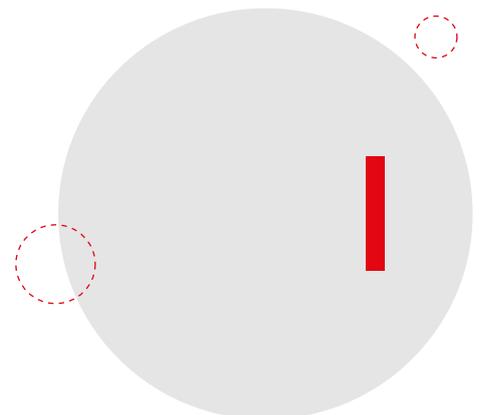

I am a proud owner of the MG Hector DCT Sharp. It has been a wonderful journey with the car so far. It is spacious, amazingly smooth, powerful, musical with great driving comfort. And most importantly, the post purchase service is the best, ready to help at any time. Thanks MG!

Manoj A. Vyawahare

This is the best SUV car with a great power engine and internet inside. It has ample luggage space and a panoramic sunroof that provides a great view, even to the back seat passengers.

Rajesh Patel

After searching for six months and test driving almost five other vehicles, we found the MG Hector perfect.

Veena Joseph

My family's very first trip with our brand new MG Hector was to my friend's destination wedding in Mahabaleshwar. The experience was mind-blowing, with our sunroof open we enjoyed the cool breeze during the drive. It is such a spacious car with all the creature comforts you can ask for. I am glad to have chosen the aurora silver color as it provides a luxury touch to it. Love the MG Hector!

The octagon is set against a background of diagonal grey lines that fade out towards the right. To the right of the octagon, there is a small white octagon.

The first time we got a glimpse of MG Hector was on the road and were impressed at first glance. Its edgy looks with high-tech features, powerful engine, a panoramic sunroof and internet connectivity added a whole new level of convenience. I even had a fantastic experience at the MG showroom. The sales professional Mr. Darshan Gholap was very patient with me and worked very hard to find a vehicle that fit my needs and expectations. He was very thorough and transparent throughout the process. The finance team was excellent, explained everything and worked quickly through the finance portion. Overall we would highly recommend the MG Hector and the MG team.

Rohit Ravindra Sule

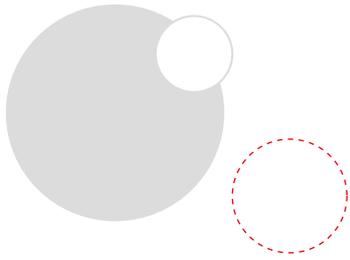

MG Hector is a good SUV, very comfortable and looks quite pretty. Safety features are specially designed and well taken care of by MG. MG is also the first car in the segment to get a 360 degree camera that provides a complete view which is a boon in safety advancements. I am pleased to be the owner of MG Hector.

CUSTOMER STORIES

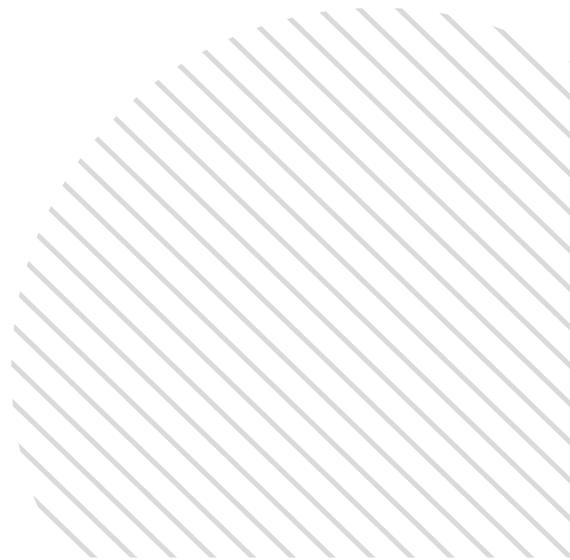

I'm so satisfied with the service that MG Nashik has been providing since I bought this car. The staff is so approachable, always on their toes to help you with any concern related with the car. You want to get the minutest thing fixed, they won't ask a question. A letter from "Internet Inside" had fallen off from my car, they replaced it. I don't think any other car brand would do that. Every brand ensures a good buying experience, but I love the way MG is creating a one of a kind service experience.

Pratik Jangid

MG Hector is not just a car, it's a dream! Which you can feel on wheels. I am at a loss of words to express my gratitude towards the team at MG Nashik. I had just visited MG Nashik by chance and that time buying a new car was not on my mind. But the sales representative Mr. Ajay offered me to take a test drive and he said, "Ma'am it's not just a car". It was a marvellous driving experience. In fact, it felt like I was in the cockpit of a plane.

Smita Gunvant Fegade

Truly the best!
Great buying experience. It's a proud feeling to have such a great car with tons of features, excellent customer service and high quality build. It looks fantastic and it is a beautiful experience to drive such an exotic and high performance car.

Rahul P. Badhe

Great Experience! It was an amazing experience with the MG Nashik team. Most importantly, the choice of Hector was made by my son who studies in the 4th standard. I would gladly purchase the next MG model in the future.

Sudeep Deb

Most thoughtful, super premium car! True value for money! Highly Recommended! Having driven my MG Hector (Diesel Sharp) for about 7000km, I have to admit that it is one of the best SUVs in the market. Each aspect of it is well thought of. Right from foldable back seats that get converted into a bed, to a hook to hold the rear flap to take out the spanner/ toolkit, to having a car inverter as an accessory which charges even my laptop via 3 pin socket, there is so much attention to details! MG Nashik did a fantastic job on explaining Hector and the MG Shield Pack to me post which I immediately booked it. The maintenance plans along with the buy back scheme and 5 years/unlimited km warranty have given me a complete peace of mind. MG has proven to everyone that a good innovative product does sell despite market conditions. I'd hence say, "Don't depend on biased 3rd party reviews/videos." Rather ask the actual owner of MG Hector for their first hand feedback and almost all will give you only positive feedback!

Shashank Todwal

When MG launched its first SUV, the Hector, I was searching for a luxurious car with all amenities in my budget. I was so surprised to see that such an extraordinary SUV was available in Nashik. MG Hector is so luxurious that I have driven my MG from Bangalore to Nashik single handedly in 16 hours and there was no fatigue at all. I am a very happy and fully satisfied customer of MG Hector. My MG Hector SUV Sharp Petrol Automatic Transmission assists me in driving with fuel efficiency and I am happy to share that the Hector has given me 15.6km/L mileage.

Ashok W. Dhuldhule

I was really excited after booking the Hector. After a month or two, I received a 'thank you' card with a beautiful drawing made by Sadima and was informed by the MG team that I was contributing towards her education by booking the MG Hector! That's when my excitement turned into hyper-excitement! Knowing that you're being a part of such a wonderful program like 'Worth Waiting For' was the best thing about MG for me! I finally got my delivery on my birthday. There was nothing better I could ever ask for! And there is nothing more to say than, I'll always be proud that my first car was the MG Hector.

Hector looks just superb. I have driven over 500 km in one go and felt nothing. It's very smooth to drive and cost of ownership is just perfect.

I love owning the most swanky car in India and I enjoy the experience of people stopping by to take a look at my car. The very first day, many people across the road complimented me on buying such a beauty. I felt grateful. The internet in the car makes it such an amazing device that I don't remember how many times I have sat in my car watching videos while sitting in my parking lot. The 'gaana app' allows me to jump to any song in the world anytime. The access of so many features on my mobile phone pampers me a lot and I love using these features. All commands are extremely helpful at times, and I love to show it off to my friends when I just say - Hello MG, open the sunroof. My Hector is extremely smooth in cities & equally powerful & thrilling on the Highway. The handling is so perfect that even a newbie can easily handle such a big car. The cost at which the Hector comes, offering so many first in segment features, not only makes the owners happy, but also make them look smarter than the owners of other brands in this segment.

CUSTOMER STORIES

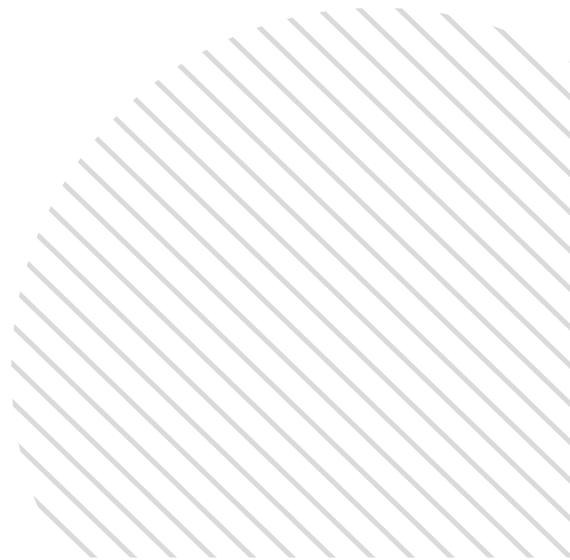

The look is very modern and appealing. It beats all other brands in its class. A complete value for money product. It gives me far more comfort as compared to the other brand products I have owned in past.

Milan Naik

I have driven this car across Maharashtra, Gujarat and Rajasthan and the experience has been amazing. My MG did remarkably well even through the dense fog in Dec/Jan with zero visibility in Rajasthan, when many other competitor brands gave up and put themselves on sideways due to zero visibility.

Vinay Mundhra

I am the proud owner of Hector DCT, which has wonderful pick-up and a smooth driving experience. It works like a charm and the ease of operating certain functions from my smartphone is amazing.

Subhash Khandagale

I recently visited the MG service center in Pune for my 1st Hector service. I was pleasantly surprised when I was told there that I had earned 9,000 rewards points under the 'Worth Waiting For' program by MG. These reward points were in exchange of the 2 month waiting period for Hector. I reimbursed those points to install some car accessories. Thank you, MG for such a wonderful gift.

Sachiien Kawale

Hector is a great combination of beauty and beast. I feel proud when people turn back and look at it again and again. Most useful thing about the car is MY MG mobile app, never seen anything like this before where you can turn on/off AC, open tail gate etc. by phone. It's a wow factor. A kind of magic! Very accurate and useful. I consider it as one of the safety features of Hector. I have had many long drives and never encountered a single issue. Along with the driving experience I also want to highlight MG sales, service and support model. I found it best in the market. Happy to be a part of MG family and proud Hectorian!!! It is very cost effective and offers real value of money. All the premium features well packed in a pocket friendly range. Even service cost is very controlled, if I calculate, it is 50% less than my Grand i10 servicing cost.

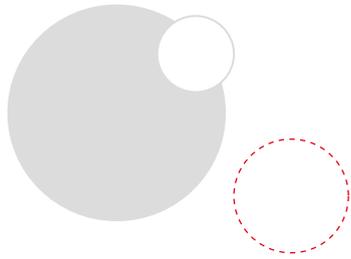

Jeetandra Soni

Comfortable SUV for long drives. If compared to other vehicles, the MG Hector has the best vehicle stability on road. I'm the proud owner of a MG Hector.

Ganesh Borude

The look is very impressive, quite a head turner. It's a new car concept in India and especially the facilities provided in the MY MG mobile app. All is again a new concept, initially looked like a gimmick, but it's very useful and makes life easier while driving. Very spacious and comfortable cabin for long journeys. I have an automatic, which enhances the driving comfort as well, especially in city traffic. Good suspension takes care of bad road conditions. Loads of safety features to ensure a safe drive at all times. Good build quality and a longer warranty also gives confidence in terms of low maintenance costs in the times to come.

L. K. Mediratta

The front Masculine look with a trendy LED, the fabulous alloy wheels and the moon roof, what else do you need! One of the best thing about the Hector is its connected features. Along with that the auto lights, rain sensing wipers, car's amazing hold on turns and while changing lanes are added benefits. In a single line, for me my "MG Hector fills my Soul".

Samraat S. Jadhav

CUSTOMER STORIES

An impressive car. The car is excellent in driving comfort, has great looks and a good pickup. It is one of the best luxury cars in its price range and its impressive road presence makes it an enviable vehicle.

Vinod Kumar

At this price range, this is the best SUV car. Great power engine and internet inside the car, also the great feature that allows locating your location and you will never be lost. It has great luggage space and a panoramic sunroof that provides a great view, even to the back passenger. I am also very happy with the service which I received at the MG Thrissur dealership. They made sure that I got everything I needed in the car. Very positive, informative and most importantly, honest people working at the MG Dealership. I will most definitely be back, and I will also recommend it to others.

Lijo Augustin

At this price range, this is the best SUV with a great power engine and internet access. The car is excellent to drive, provides plenty of comfort with good suspension, pick up and mileage. Additionally, the Hector is also very trendy and stylish!

Krishnaraj K. K.

The first thing that comes to my mind with Hector is "Love at first sight". The day I took the test drive, I was sure that it will be the newest addition to my garage. Driving comfort is unparalleled and extremely user friendly too. The seats are very comfortable, and it offers ample legroom and boot space which are the main factors while buying a car. Overall, I'm a happy customer and I will recommend the Hector to anyone looking for a premium SUV in this price range. And speaking about MG Thrissur, they've been very supportive and helpful since the beginning. Their customer support is top notch, they hold a good place in all the customer hearts.

No other SUV has this majestic look. Hector is loaded with features which one cannot find even in a 40-lakh price range car. I am enjoying the spacious interiors which make long drives for my golf tournaments convenient. Road visibility of Hector is the best part of the car and so far I have driven it over 5,000 km.

M. Narayanan

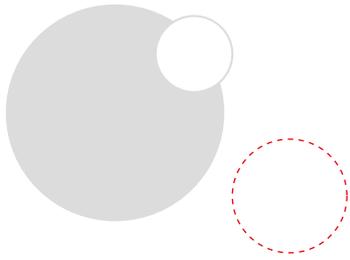

Owning an MG was a fantasy. I was often mocked by my friends for desiring the MG Hector. Today, when I drive my MG it's magical. Standing even amongst luxury cars, I feel proud of my MG. I will proudly choose MG over anything else, because it is my First LOVE!

CUSTOMER STORIES

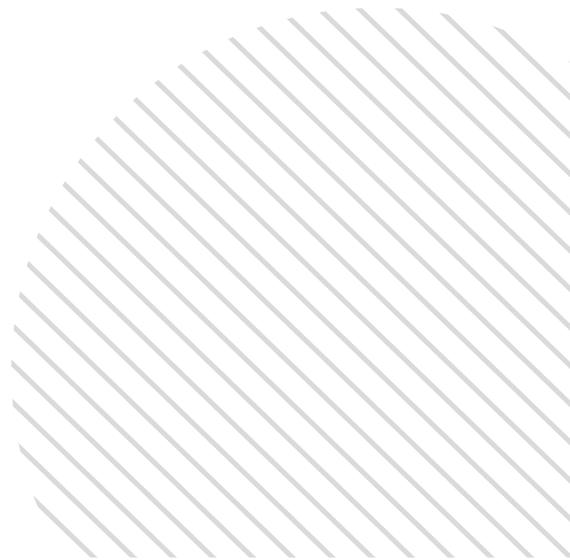

It's a very nice and comfortable car, with ample space inside it. The i-Smart technology is very useful as it can control the car's essential functions. The vehicle's stability and build quality are also superb.

Merlish Jebin

MG had easily managed to oust Volvo as my next car with Hector. It's not just massive in size and space, but has tech loaded to the gills. Internet, Gaana App, Live Maps, and "Hello MG" is a revolution. Panoramic Sunroof is as long as the car. DCT is butter smooth to drive, and I never felt I'm driving a car this big - it's that easy to maneuver. The comfort while travelling in Hector is pure luxury, and so, long journeys are something my family always look forward to. My decision to buy Hector even before its launch, has finally paid off. It's just human for all to love this human thing!

Sandeep Sudheer

We are completely satisfied with the MG Hector. It's a fully loaded car, with features like the voice command, i-Smart technology etc. I have already driven 4,000 km. The customer service is good too and we will surely refer the car to our friend circle.

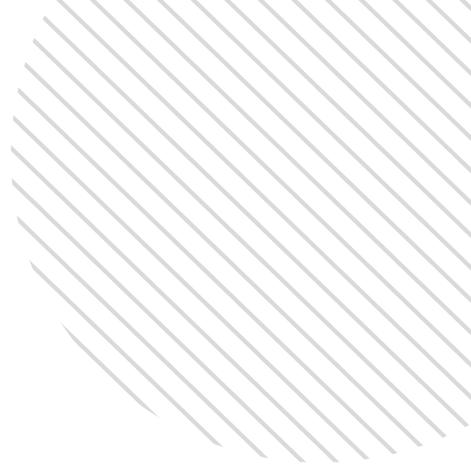

Aneesh Rajan

Done over 8,000 km with my MG Hector and so far, I am extremely happy and proud to be the owner of this awesome machine, thanks MG.

Dany Abdul Rasheed

MG describes Hector as 'India's first internet SUV'. I would rather describe Hector as 'my first internet home'. I have fallen in love with this car so much that I have started calling it my home sweet home"

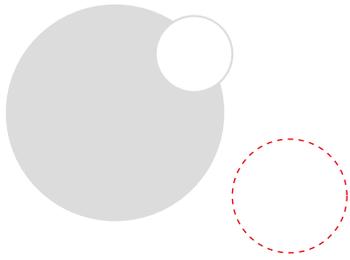

Leena J. Nair

It's a wonderful car to own and drive. Elegant, stylish, luxurious and sporty. i-Smart is very useful, with its voice commands and superior build quality. The Hector is fun to drive.

Femina Begum

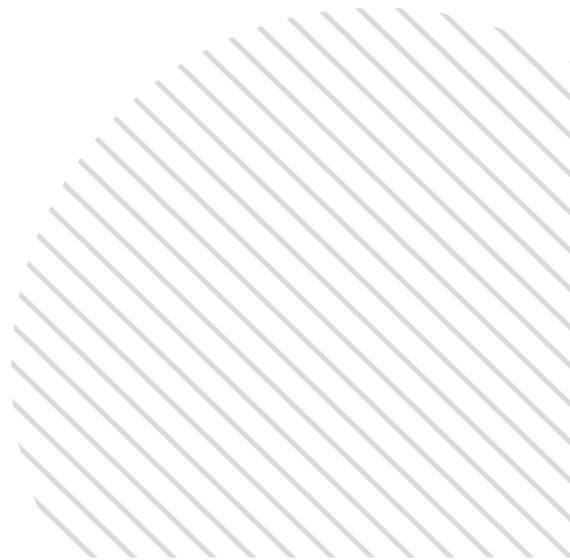

Recently we happened to buy MG Hector and became proud members of the MG family. There was no pressure and we never felt rushed by the MG dealer. They had a very professional approach and were very trust worthy. The whole process was very quick and painless from the date of booking to delivery. We recommend MG to all those who wish to buy an SUV.

Julie Mohan

Great power engine and internet inside the car. Hector has great luggage space and panoramic sunroof, which provides a great view even for the rear passengers. Brilliant car by MG. The overall performance of the car is very good.

Nagarajan

I am one of the first few lucky owners of MG Hector who secured the SUV soon after its launch. I am really amazed with my car so far and highly recommend Hector to all those who are looking at similar range of SUVs. There are lot of features which are really user friendly and useful on day to day basis. It is obviously a perfect value for money SUV.

Kiranram Mohandas

MG Hector has really amazed me, it has lots of connected features, remote control functions etc. The price and features offered are best in segment. I am completely satisfied with the car.

It's been now 4 months since we got our car delivered and we can't get enough of it. We have been absolutely loving the car. I want to take this opportunity to thank everyone at MG for helping us with timely delivery of our car. We have had a seamless experience throughout the process, for this I would like to express my gratitude towards Deep Shah who was extremely supportive and highly accessible whenever required. His knack for prompt responsiveness makes him a great sales executive. People like him are hard to find these days. In addition to this I would also like to thank Rupesh bhai for extending his support. I believe that this is just a beginning to a great journey. We are extremely delighted to be a part of MG family.

CUSTOMER STORIES

There are times when you go out to get one thing and end up buying something else. Well, this is exactly what happened with us when we went in search of a new car. We were in a search of a sedan as we already own a SUV. My mind was almost made up for one of the cars that we had already test driven. But then, suddenly my family asked me to just go and check up on this new MG Hector. So I went to the showroom and enquired about the car and the salesperson offered me a test drive instantly. He was extremely polite and friendly and was a very knowledgeable person. I drove the car and just within few minutes I called up my family and said we are going for MG. The best thing about this car is its drive quality. Its sheer pleasure and to top it off the engine response is just great. In fact its better than a lot of cars that are out there in the market. Also the fit and finish of the car is just perfect and all the features laden in the package are good enough for the price point that has been offered. I should mention that, I just love the suspension of MG. Overall I am very much satisfied with my MG Hector. Definitely buy this car if you are self-driving, no second thought on this. MG has already made me a loyal customer and indeed I am a proud owner of one.

WE ♥ MG

It's been 5 months since I experienced Morris Garages 's first car in India i.e MG Hector and it has delivered exactly what the company has promised us. The features are just next level in comparison with the competition in this range. The comfort is inexplicable and space is more than sufficient. It's been 3500km and the car has never let me down in any manner but it has shown how excellent the product is. Apart from the car, the dealership also complies with the promise of the company. All the employees have been helpful right from enquiry to after sales service. I would also like to recommend my friends and family to buy this amazing product by Morris Garages.

Manan Paresh Sheth

Front look of the car is attractive with unique design concept that I love the most. The engine is very smooth and feeling of driving MG makes me want to drive every day. I genuinely feel that my choice of buying MG Hector was worth it. Every feature is good, I also want to thank each and every person from MG Vadodara and the entire team of MG.

Milan Patel

The MG Hector is a very nice and comfortable car with ample space inside. Also the performance of this car is very amazing along with the voice control features and 360 camera. Great features in this price range. Highly recommend!

I am very happy to have bought Hector hybrid variant. The car is excellent in driving comfort and is a luxurious SUV. It has great luggage space and a panoramic sunroof that provides a great view, even to the back passenger. Thank you MG Vadodara for all support.

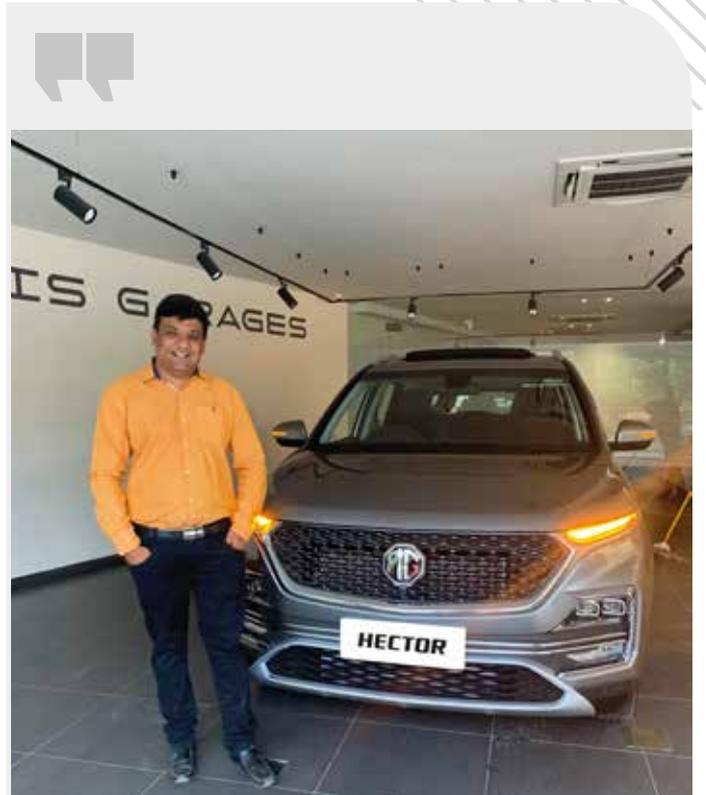

Jayesh Mistry

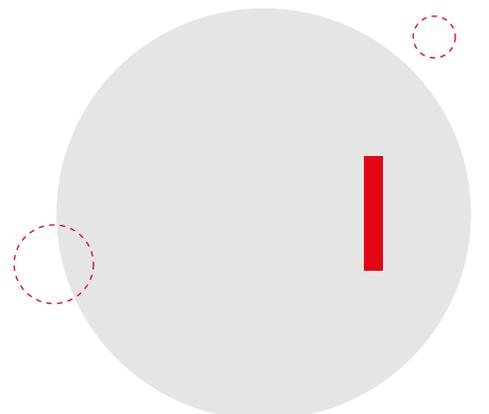

This is something I want to share with you that when I saw Hector advertisement on national television, I got goosebumps, since then I have been waiting for its launch. The thing which amazed me in that advertisement was that here was a car which could be operated with voice command! So now today it is reality for me as I own the car. All the features are too good panoramic sunroof, automatic tail gate, mobile app operation, different coloured lights, big screen, Gaana, more than enough leg space and so on. Even the service I got from company representatives is also very satisfying.

Nirali Patel

What attracted me to buy MG Hector was its panoramic sunroof and the length of the car. Its bold masculine looks are really attractive and makes it different from other SUVs in this price range. Hector is value for money.

Ankur Parikh

Macho masculine bold look & comfort in driving has attracted me to own the Hector.

"The Beast That Added Beauty To Our Family". Within a few months after my wedding, we bought this bundle of joy for our family. Being a relatively tall family, we were looking for something that would fit all of us comfortably, so that trips, vacations or outings with everyone were joyous and relaxing. At the same time, we wanted something sleek and stylish and the MG Hector has fulfilled all our expectations and beyond. The experience of driving the MG Hector is comfortable and powerful at the same time. We completed a 1700+ km drive on our trip to Rajasthan and all I can say is, this car is truly a value for money car. The panoramic sunroof, the Hello MG voice command, the large screen and all the features integrated with the system are advanced and unique but the cherry on the cake is the Gaana App. It makes every long drive a memorable one. Thank you MG for bringing this beauty into our lives and a special mention for the Worth Waiting For program. A super initiative for Girls Education!

Dinesh Jain

MG Hector gives a superb driving experience in all terrains and it is thrilling to drive it. I feel like a champion of champions. It's our MG. Nothing else will do. Just go for it!

I was thinking of buying a new car. I had a Maruti SX4 so the idea was to upgrade and buy a SUV. At that time I came to know about MG and when I went to check the vehicle I was impressed, it was love at first sight. I booked it despite many people saying that it was new and hasn't been tested enough in Indian conditions. I got the delivery in the first week of December and what an amazing beast my diesel Sharp is, I have done 7500+ km in three months, drove 1400km in two days. Last but not the least, whenever I go to the service center, everyone there is so helpful and makes me feel like a royal.

MG Hector doesn't mean Morris Garages, it means 'My Generation Car'. It's a SUV that comes with all the features you can only get in luxury SUVs for which you probably need to spend 3 times more than the cost of MG Hector. It is as comfortable as the recliner in the corner of your house. It's a smart car which works with your voice commands and listens to you. AC, roof and display, everything works with just a voice command. 24x7 support from MG helps in case of any issues. What else you can expect from a car. In short, it's a car which can make you feel like a celebrity.

CUSTOMER STORIES

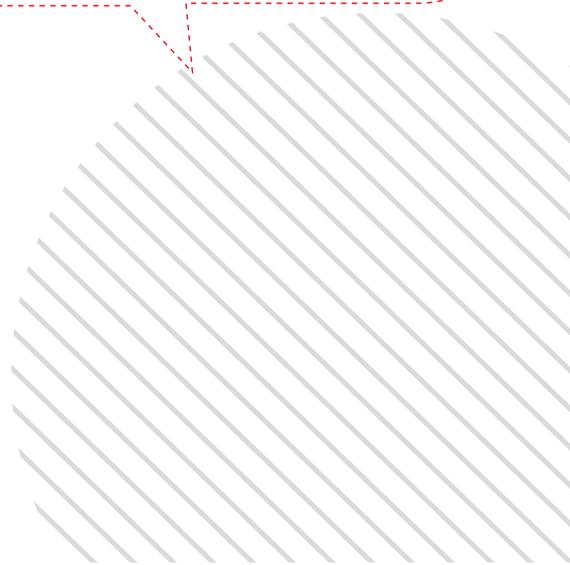

This car didn't change my life but definitely changed my attitude, I am driving the all new iSMART equipped human thing called MG Hector Hybrid Sharp MT Petrol variant with a massive panoramic sunroof, fantastic infinity sound system, spacious interiors with multiple sophisticated features and a strong road presence. You can definitely call this car a new milestone in the automobile industry.

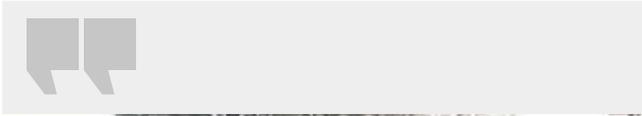

Dr. Bir Bahadur Sinha

After driving my old car for many years, I decided to purchase a new car. I researched and drove many car brands. Ultimately my search ended on the day I took the test drive of the newly launched Hector. Its spectacular look and massive road presence is impressive and breathtaking. The drivability and maneuvering are ultimate. I instantly booked the Hector on the very day of my test drive. Now I own my Hector and love it. It is more than a car to me. Thank you MG, for offering such an ultimate techno creation in such an effective price bracket. Last but not the least, it would be an injustice if I fail to comment upon the customer support network. MG offers unmatched customer support providing a delightful experience. MG executives often amaze with their brilliant and quick response.

I bought the top automatic petrol variant of the MG Hector for its great technological features, stunning premium design and rich interiors. It is an awesome car which is complete value for money. It has a lot of luggage space and a panoramic sunroof which provides an excellent view and feel of sun and moon. The service extended by the Varanasi dealership during the procurement process, contract, delivery of the vehicle and after-sales is outstanding and touched my heart. I am so proud to be a part of the MG family. Thank you so much MG, for making my dream into reality.

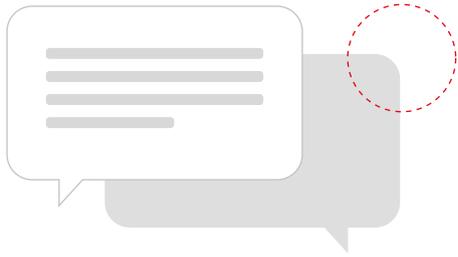

Sunil Kumar Singh

We own other cars, but the features, especially the panoramic sunroof in the MG Hector at such a price is just wow. I love it!

Udit Kumar

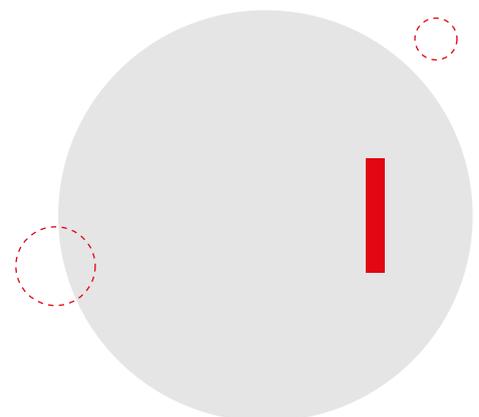

MG Hector is the best car I have ever seen. It's bold look and advanced features are superb. Features like auto sensor wipers, heated ORVMs, 10.4 inch screen along with the sunroof attracted me the most. This car beats all its competitors in this price range. Its launch in India gave the automobile sector a new boom.

Aman Luthra

MG Hector is the first internet car in India. It was my children who were the decision makers for its purchase. Its internet features along with 24x7 connectivity are the best.

Pankaj Kumar Seth

The primary reason why I bought the Hector is because of its design, the best in class features and the infotainment system. This feature loaded SUV is such that any car lover would want to be behind its wheel. The best part is the features they provide for the great driving experience even in the lower variants. They have provided a 10.4 inch touch screen system, back parking sensor and camera, fog lamps, ABS and white LED lights even in the lower variants which other cars don't have. Space is the best in segment. The leg room it has for the passenger seats is one of the best I have seen as compared to other SUVs available around. I would say the Hector is as close as is possible to be a perfect car.

Ankit Singh

It's our first car, and we never thought it would amaze us with its awesome features. It gave us unimaginable features in an affordable budget. Starting from the mileage, to the internet features and the minute detailing in the car, all vastly superior to other cars in this segment. It has the potential to attract people with its looks.

Dr. Jalaj Gupta

MG Hector's safety features are just beyond expectations. We feel safe with the MG Hector.

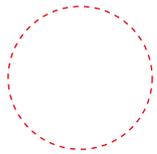

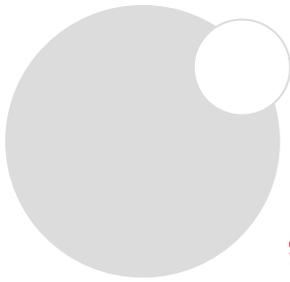

Amit Kumar Singh

The MG Hector is my family's dream car. My kids are amazed with its voice command. The boot space is more than any other car. Just love it.

Balikiran Singh Yadav

The MG Hector was my children's choice as they were in love with its panoramic sunroof. It's safety features and 24x7 connectivity with my car through the i-Smart app gives me peace of mind. Best SUV in this price range.

Abhishek Singh

It's a beast of a car, especially for off-roading. I love this car because of the technology used and the voice commands. This car is beautiful with a superb engine and a bold look.

CUSTOMER STORIES

I can proudly say that I am the first customer and owner of the MG Hector in Andhra Pradesh state and I have so far travelled more than 12,000km! The car is comfortable and has great suspension and pick-up, offering an unmatched experience. It is luxurious, bigger, more spacious, packed with multiple features, has a refined engine and strong on-road presence making it the best in class/segment.

Aneel Kumar Chintha

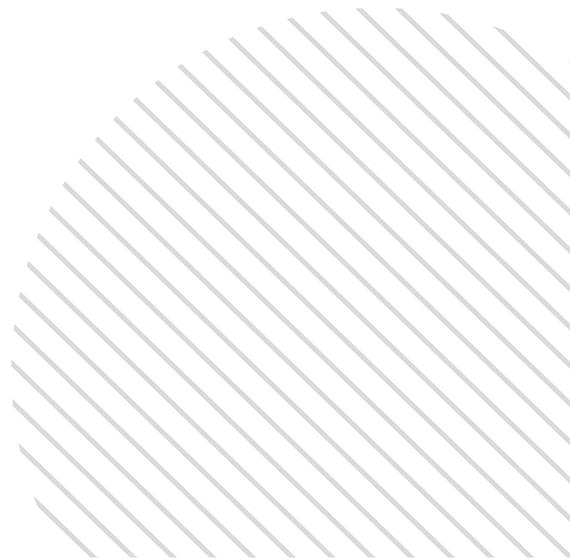

The car is not only power-packed with best-in-class features but also safe to drive. Combining comfort, spacious interiors and a luxurious experience all at an affordable price. This makes it the best car in the segment.

G. Satyanarayana

This is the first automatic car that I have purchased, and I am very happy with how refined its engine and suspension are. MG Hector is a complete value for money!

Matta Venkateswarulu

MG Hector is truly a car of one's dreams! No other car can compete with the panoramic sunroof, the automatic gear console and the back seat area of the Hector. The 360 degree camera and mood lighting are an added plus. I am surprised that MG is providing such a wide range of features at such an affordable price! I am sure that MG will be the Dad of the car brands in India owing to its determination and hard work in making cars, competitive pricing and unparalleled customer service. The service is worth a million smiles. I am a proud owner of the MG Hector and I sincerely thank the MG team for making my dreams come true.

S. K. Muzeer

I am a caraholic who believes in the motto 'Live to Travel'. Among all the cars I have bought, MG is the most special as I bought it on my anniversary. Although I had to wait for 6 months for delivery, this beauty was worth the wait! Its splendid interiors, exceptional leg room, i-Smart technology, and especially the greeting "Hello Yakkala's" whenever I start the car made me fall in love with it.

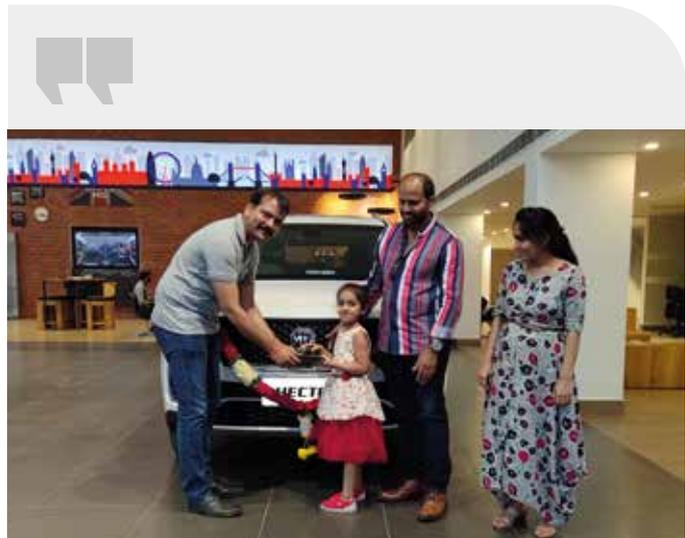

Y. Pavan

The riding experience of the MG Hector is great. I have the Hybrid variant with 48v battery, giving the car an additional boost. The 10.4 inch touch screen powered by the i-Smart technology and internet is the best thing about the car which I have not experienced with any other car in the segment. I also appreciate the AI voice command technology.

S. Praveen

The MG Dealership is a dealership of excellence. In MG, I always feel like I am the most important person at the moment. I have never been disappointed with the services offered by the sales team along with the service staff. Hope MG continues this way!

A proud owner of the MG Hector, I think it's a car well suited for Indian roads. The features of the car have left me mesmerized. Powered seat for driver and co-passenger are comfortable and easy to operate. Interior chrome elements are superb and catchy. The big infotainment screen with an exhaustive list of voice commands is a great safety feature along with tyre pressure monitoring system as it helps me focus on driving without disturbance. The I-call and E-call is also very useful in case of any incidents. I also find the i-Smart and the My MG app extraordinary as it shows full information about the car and my driving, making it possible to improve car efficiency.

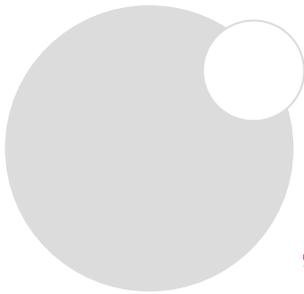

Subhash

The amount of recommendations and references I have given about MG to people is testament to my love for the car. I had an extraordinary experience at the time of delivery too. Every time I see my kid sticking his head out of the Hector sunroof, I am reminded that I made the best choice.

Viswanatha Raju

For my children, the first choice was the MG Hector for its connected technology, built quality and panoramic sunroof. For me, the maintenance and price made my choice. It's a perfect family car!
