MAKING DREAMS COME TRUE SINCE 1924

MG: THE INDIA CHAPTER

A million speeding lines, a 96-year-old legacy, and our fingers on the pulse of innovation. We are a British fashion icon but also pop culture's best mate. We're MG. A 96-year-old startup. Why a startup? Because we were founded in a garage called 'Morris Garages' in 1924 by William Morris. Today, we are a future-forward brand. In India, the MG chapter started with the launch of the MG Hector - India's first Internet Car. Following Hector's tremendous success, we launched the MG ZS EV - India's first Pure electric Internet SUV.

We've built the MG India ideology on 4 principal pillars – Innovation, Experiences, Diversity and most importantly, Communities. The MG Communities, its people and their spirit of togetherness is what defines us. Here's the MG India family sharing their stories of MG.

MG MYSORE

A stylized illustration of a cityscape is located at the bottom of the page. It features various buildings, trees, and hills in a muted color palette. A large, light gray octagon with diagonal hatching is positioned in the upper left, partially overlapping the text. A small, solid white octagon is located to the right of the main octagon. A thick red horizontal line is positioned below the text.

CUSTOMER STORIES

It's an excellent car with excellent features, comfortable with a smooth driving experience. It gives you a five-star experience with added benefits of safety.

Karthikeyan S.

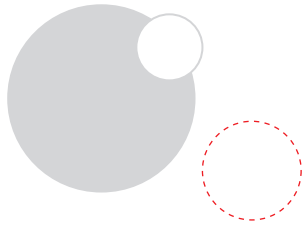

The car has an extraordinary performance. I took only one test drive and really loved it because of its power. The engine is so powerful, it goes like a horse. The interiors are luxurious but its main attraction is its multi-purpose screen.

HELLO
MG!

WELCOME TO
MG FAMILY.

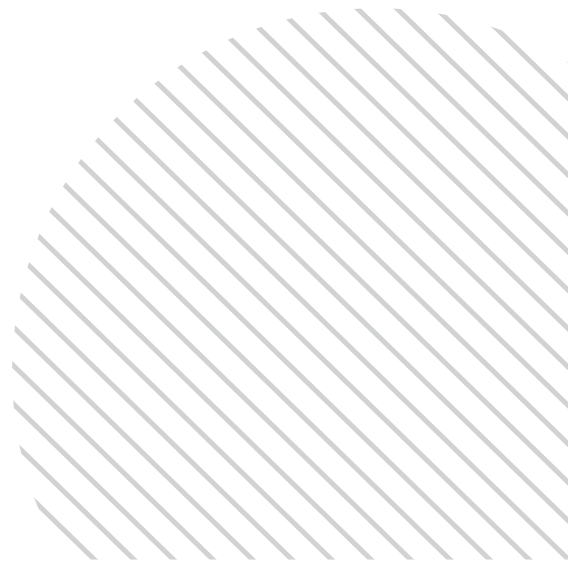

It's a perfect car with a high power engine. It drives well on all kinds of terrains. Interiors are just like luxury cars. I love being associated with MG as their team is really nice and friendly. I had some queries regarding the infotainment system after I got the car delivery and they resolved all of it so smoothly and with a lot of patience.

The MG Hector has a sporty look and is a very powerful SUV, but it is also the safest SUV in my opinion. It has many sensors for safety like tyre pressure monitoring system, parking sensors, fatigue alert, geofencing and many more.

Govardhan P. B.

Wow! It is a beautiful SUV in India. The interiors are beautiful. The seats are very comfortable, and the leg space is good. We can enjoy long rides in it. Best SUV for Indian roads!

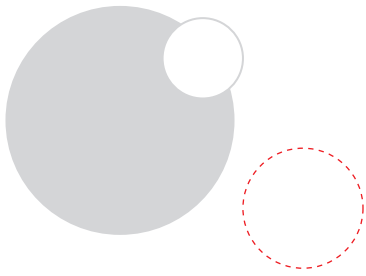

Nagesha B.

Hector looks fantastic and delivers excellent performance too. The front design is fabulous. The seating comfort is so good that you will fall in love with it. Even the long rides do not make you feel tired. It has a great road presence and feels very safe. I love this car!

This cars performance is excellent, runs very smoothly, and the car mileage is outstanding on both city roads and highways. I am in love with the i-Smart features of the car. I must highlight that I loved the support from the MG team, they were very helpful throughout the decision making and buying process.

Yashwanth Kumar A. M.

MG Hector is the best car! The seating comfort is fantastic and it has a beautiful interior as well as exterior design. The car looks extremely premium and provides advanced technology at such a great price. The boot space is ample for any family and the sunroof is a great addition.

Siddharth Patwa

The look of the Hector is impressive, even the back look of the car is pretty good. The slim taillights are amazing at night. The elegant and luxury interior design looks fabulous with the big touch screen. The car also has fantastic off-road capability.

Anitha Bagare

I love this car. This is the best car I have ever driven and its features and interiors are excellent. I couldn't have got this home without the MG team who were supportive and approachable in the case of any questions. The entire team was very well-versed with the features of the product which helped me a lot in my buying decision.

I have had a wonderful travel experience with my family in the Hector. This car is full of great features such as six accelerating gears, adjustable steering etc. Whether you are driving this car on the highway or in traffic, it always feels so smooth. It gives a lot of confidence to drive on small roads and in heavy traffic. It gives a mileage of 14 to 15 km/l in heavy traffic areas and 17 to 18 km/l on highways with speed transition. The suspension of the car is good. The road grip of the car is very good on all types of roads, even through rains. The vehicle is very reliable.
