THE MG

FAMILY BOOK

MAKING DREAMS COME TRUE SINCE 1924

MG: THE INDIA CHAPTER

A million speeding lines, a 96-year-old legacy, and our fingers on the pulse of innovation. We are a British fashion icon but also pop culture's best mate. We're MG. A 96-year-old startup. Why a startup? Because we were founded in a garage called 'Morris Garages' in 1924 by William Morris. Today, we are a future-forward brand. In India, the MG chapter started with the launch of the MG Hector - India's first Internet Car. Following Hector's tremendous success, we launched the MG ZS EV - India's first Pure electric Internet SUV.

We've built the MG India ideology on 4 principal pillars – Innovation, Experiences, Diversity and most importantly, Communities. The MG Communities, its people and their spirit of togetherness is what defines us. Here's the MG India family sharing their stories of MG.

MG JAIPUR

I bought the DCT Sharp version of the MG Hector due to its great technological features, premium design and rich interiors. It's an awesome car that provides complete value for money. You can definitely call this car a new milestone in the automobile industry.

Charu Lalwani

HELLO
MG!

WELCOME TO
MG FAMILY.

The MG Hector is certainly a head-turner. I took a test drive and it was love at first sight. I booked it even though many people said that it's new and hasn't been tested enough in Indian conditions. They have provided best in class features like 10.4 inch infotainment system, the reverse parking sensor, 360 degree camera and lot of space. The only words that come to my mind are 'best-in-segment'. The legroom provided for the passenger seats is one of the best I have seen, compared to other SUVs available.

Abhishek Singh

CUSTOMER STORIES

The MG Hector is a very good car with a good infotainment system. It has interesting features like a 360-degree view camera which helps me drive and park smoothly without any difficulties. I can say that I am a proud owner of the MG Hector. The car is very spacious and the Gaana app installed in it is amazing. I am extremely satisfied with MG Hector as it is running without any issues.

Bhawani Singh

It's been more than a month, since I'm driving MG Hector. I must say the features are excellent and very futuristic. The driving quality is very comfortable. The built quality is strong. Hector is a big car, but the handling is so good and smooth, it feels like a sedan. Even on the turns Hector is very stable, the suspension is so good, the body roll is very less.

Shivam Jaju

MG Hector is the best car in this segment. Every feature of MG stands for premium class. MG provides new technology to ensure that your car is safe through i-Smart . It helps me lock and unlock the car and check actual status of the car by scanning it. Lucky to have a car like MG.

Praveen Laddha

It has been a great experience with Hector and the mileage of the car is really good. All the features like voice command, internet connectivity, panoramic sunroof etc. in my experience are superb. I will definitely recommend Hector to my friends and family.

Mahesh Moolani

I bought MG Hector 6 months ago. Its comfort, suspensions are too good as compared to other cars. I have 2 more cars but every time I go outside my first preference is to take MG. The safety features and 24x7 connectivity with my car through the i-Smart app gives me peace of mind. All over I would rate this SUV as 4.5/5, it's only because nothing is perfect, there is always a scope of improvement everywhere, but Hector is way too close to perfection.

Umesh Rupani

MG has given magnificent features in an affordable budget. It has got the potential to attract people. Overall till now we are pretty much satisfied with this car. Thank you MG.

Rekha Dheer

WE  MG

At this price range, this is the best SUV . Great power engine and internet inside the car. It has huge luggage space and a panoramic sunroof that provides a great view, even to the passengers in the rear seat.

Vivek Pal Singh

Best SUV loaded with features; the best among them are the electric tailgate, panoramic sunroof and voice control. Everyone should test drive this car.

Nitin Patni

HELLO
MG!

WELCOME TO
MG FAMILY.

I am a proud owner of MG Hector petrol DCT. I am 6 feet tall and was looking for a SUV comfortable for my height. I travel a lot with my family, so I needed more luggage space. My needs were fulfilled by MG. Overall I rate this as one of the best vehicle in its segment.

Ajay Kumar Jain

It was difficult waiting for 3 months after booking Hector, but it was completely worth the wait. According to me it is the best car in its segment with phenomenal features, most of which are even first in segment such as voice command, 360 camera and panoramic sunroof. The ride quality and interiors of the car feel plush and premium. I am totally satisfied with MG family and my car. Literally there is #NothingLikeMg.
